SECTION 2

INTRODUCTORY STATEMENT

SECTION 2 INTRODUCTORY STATEMENT

The Military Personnel Appropriation, Air Force, provides financial resources to compensate the active military personnel supporting the approved force structure. The tables in Sections 1 through 5 contain budget data for Pay and Allowances of Officers, Enlisted and Cadets; Subsistence of Enlisted Personnel; Permanent Change of Station (PCS) Travel; and Other Military Personnel costs. Retired pay accrual is contained in Pay and Allowances of Officers and Enlisted personnel, as appropriate. Unemployment compensation, social security benefits to surviving family members excluded under previous eligibility rules, and miscellaneous entitlements are under Other Military Personnel Costs. The budget activity structure and detailed justification demonstrate how the military personnel program is managed and controlled. It displays the inventory of officers, enlisted personnel and cadets with the associated work years. This overview encompasses a wide range of programming actions that affect requirements dealing with grade structure, promotions, gains and losses, flight status, subsistence, PCS travel and other related resource allocation issues.

The appropriation covers entitlements approved by Congress in the FY 2000 National Defense Authorization Act (NDAA) which authorized new entitlements. Examples of these additional entitlements include: Pay Table Reform, Military Retirement Reform Act, Aviation Career Incentive Pay (ACIP) for Air Battle Managers, Payment of Temporary Lodging Expenses to enlisted members upon their initial PCS, Career Enlisted Flyer Incentive Pay (CEFIP) and Enhanced Aviation Continuation Pay (ACP). Proposed legislation for FY 2001 includes Personal Monetary Allowance for Senior Enlisted Members and increase Uniform Allowance for Officers. The FY 2000 NDAA also provides a one-time lump sum bonus for members who elect to remain under the REDUX retirement plan (40% retirement benefit at 20 years of service, with partial COLA). Members who entered service after July 31, 1986 will be given a choice of retirement plans at their 15th year of service. The FY 2000 budget includes FY 2000 National Defense Authorization Act direction to accelerate the transition to market-based housing rates for the payment of Basic Allowance for Housing (BAH) and the FY 2001 program includes initiatives to reduce the service member's BAH out-of-pocket expense to 15 percent.

The Air Force budgeted a reduction of 900 end strength during FY 2000 and FY 2001. The majority of the reduction is attributable to BRAC. Also, this budget submission displays the Air Force's estimation that the end strength for FY00 will fall 2,977 (1,027 officer and 1,950 enlisted) short of the FY00 NDAA end strength floor of 360,877. The Air force continues to strive to meet end strength goals, but has been hampered by continuing adverse trends in recruiting and retention. We ended FY 1999 approximately 10,300 under our authorized strength. We increased the accession goal for FY 1999 to 33,800, but end the year short of that goal by 1,732. This is the first time in 20 years the AF has missed the recruiting goal. We also increased the accession goals for both FY 2000 and FY 2001. To help meet these increased goals, we have implemented several initiatives help recruiters make these goals. We are making every effort to get the recruiter manning to 100% by Mar 00. In addition, we have increased authorizations for the recruiter career field by 300 (which we expect to man by Mar 01). We have increased the advertising budget and again expanded and enhanced the enlistment bonus program from \$22 million in FY 1999 to \$109 million in FY 2001. We sourced \$12 million from other appropriations to implement a prior service enlistment bonus designed to encourage experienced individuals to rejoin the Air Force; a college loan repayment for new recruits, and

aptitude index mechanical bonus. With these initiatives coupled with Expeditionary Aerospace Force structure realignments to harness OPSTEMPO, we expect to meet the higher recruiting goals and our required endstrength.

Enlisted retention rates continue to be below the stated Air Force goals (55% for first term airmen, 75% for second term and 95% for career). Rates for FY 1999 ended at 49% for first term, 69% for second term and 91% for career. To keep highly trained and experienced enlisted personnel; we expanded the Selective Reenlistment Bonus program from \$74 million in FY 1999 to \$121 million in FY00 and \$113 million in FY 2001. We will continue to reevaluate this program semi-annually to maximize the effectiveness of this critical retention tool.

Officer retention, including pilots, was also down in FY99. However, the long-term pilot bonus take rate increased from 27 percent in FY 1998 to 42 percent in FY 1999, indicating a positive impact from the pilot bonus. We significantly enhanced Aviator Continuation Pay by expanding years of pay out up to 25 years of aviation service and by increasing the pay out from \$22,000 to \$25,000 annually, paying 50 percent up front (limit \$100,000) to the new eligibles at their nine years of aviation service. With help from Congress, the ACP program supports \$155 million in requirements for FY00 and sustains that level with gradual increase.

Currently, we anticipate the need to force shape medical manpower through the Temporary Early Retirement Authority (TERA) program which is contained in the budget request to preclude involuntary separations and to continue shaping the force while achieving force reductions. TERA requires the specific portion of retired pay that falls between the fifteenth year and the twentieth year to be obligated in the fiscal year of retirement.

FISCAL YEAR 1999

Program Levels. The FY 1999 end strength was 367,091 with 360,590 work years. New programs include Hazardous Duty Incentive Pay, Aviation Career Incentive Pay, Family Separation Allowance, dental officer special pays and bonuses, partial subsistence allowance and the indexing of housing costs into one combined Basic Allowance for housing entitlement. The program also provided personnel support for Southwest Asia and Bosnia contingency operations.

Funding Levels. FY 1999 actual obligations total \$17,273,959. This includes \$205,164 in reimbursements from the Working Capital Fund and non-Air Force activities where Air Force personnel are assigned. Reimbursements remained

relatively stable with a minor decrease reflecting end strength reductions in reimbursable activities. The FY 1999 budget request includes obligation authority for advance payments to service members.

Baseline Budget Rates. The Retired Pay Accrual normal cost percentage is 30.2 percent of basic pay. The pay raise is 3.6 percent; inflation is .8 percent; and housing allowances increased an average of 3.0 percent.

FISCAL YEARS 2000 AND 2001

Program Levels. The FY 2000 end strength is projected to be 357,900 with 362,221 work years. The FY 2001 end strength is projected to be 357,000 with 362,196 work years. Work year estimates reflect monthly gain and loss patterns and also include mandays for Air Force Guard and Reserve support to active peacetime and contingency missions. Proposed FY 2000 and FY 2001 legislative initiatives have been added as indicated above. In FY 2000, the incremental cost for military personnel contingency requirements in Bosnia and Southwest Asia is reflected. However, beginning in FY 2001, personnel contingency requirements for all contingency operations are centrally budgeted in the Overseas Contingency Operations Transfer Fund (OCOTF).

Funding Levels. The FY 2000 budget estimate is \$18,061,106 to include \$247,503 in anticipated reimbursements. The FY 2001 budget estimate is \$18,472,749 to include \$189,915 in anticipated reimbursements. Reimbursement decreases reflect the draw down of strength in several defense wide activities.

Baseline Budget Rates. The Retired Pay Accrual normal cost percentages for FY 2000 and FY 2001 are 31.8, and 29.6 percent of basic pay, respectively. The pay raise adjustments for FY 2000, and FY 2001 are 4.8% and 3.7%, respectively. FY 2001 requirements include the annualization of a 4.8% pay raise in FY 2000 and 3.7% in FY 2001. The budget also includes amounts for Pay Table Reform (one quarter in FY 2000 and full year in FY 2001). The economic assumptions for inflation for FY 2000, and FY 2001 are 1.0 and 1.5 percent, respectively. Basic Allowance for Subsistence (BAS) increases are capped at 1.0 percent per year beginning in FY 1998 in accordance with the BAS reform initiative.

This submission includes one legislative proposal; uniform allowance increase for Officer's of \$1.5M in FY 01 and \$7.5M across the FYDP.

PROJECT: BASIC PAY - OFFICERS

FY 1999 Actual	\$3,253,347
FY 2000 Estimate	\$3,407,265
FY 2001 Estimate	\$3,473,866

PART I - PURPOSE AND SCOPE

Funds provide basic compensation for officers on active duty according to grade and length of service under provisions of 37 U.S.C. 201, 203, 204, 205, and 1009.

PART II - JUSTIFICATION OF FUNDS REQUESTED

The Air Force officer personnel program reflected in this budget submission includes losses through the Temporary Early Retirement Authority (TERA).

Officer accessions for FY 1999 through FY 2001 are programmed at the minimum level necessary to ensure an adequate number of entries into the officer ranks to sustain desired future experience levels.

Funding requirements include annualized pay raises of 3.6 percent in FY 1999 and 4.8 percent in FY 2000. FY 2001 requirements include the annualization of a 4.8 percent pay raise in FY 2000 and 3.7 percent in FY 2001. The budget also includes amounts for Pay Table Reform (one quarter in FY 2000 and full year in FY 2001).

FY 1999 Actual	\$982,511
FY 2000 Estimate	\$1,083,510
FY 2001 Estimate	\$1,028,264

PART I - PURPOSE AND SCOPE

Funds provide for the Department of Defense's contribution to its Military Retirement Fund, in accordance with P.L. 98-94, Section 925(a)(1), Title 10 U.S.C. 1466, as amended.

PART II - JUSTIFICATION OF FUNDS REQUESTED

The budgetary estimates are derived as a product of:

- (a) An accrual percentage of 30.2 percent for FY 1999, 31.8 percent for FY 2000, and 29.6 percent in FY 2001.
- (b) The total amount of basic pay expected to be paid during the fiscal year to officer members of the armed forces.

The computation of fund requirements is shown in the following table:

PROJECT: INCENTIVE PAY FOR HAZARDOUS DUTY - OFFICERS	FY 1999 Actual	\$201,245
	FY 2000 Estimate	\$304,948
	FY 2001 Estimate	\$304,250

PART I - PURPOSE AND SCOPE

The purpose of Incentive Pay for Hazardous Duty is to help the Air Force attract and retain officer volunteers in duties requiring more than normal exposure to hazardous duties in peacetime.

Funds provide payment to officers under provisions of 37 U.S.C. 301 as follows:

- (1) Aviation Career Incentive Pay (ACIP) - Paid to regular and reserve officers who hold or are in training leading to an aeronautical rating or designation and who engage and remain in aviation service on a career basis. It is paid in fixed monthly amounts ranging from \$125 to \$840. The FY1998 National Defense Authorization Act (NDAA), modified in (Sec. 615), increased monthly rates for aviators with more than 14 years of service. The year groups as well as compensation were changed as a means to assist the Service in the retention of aviators. The FY1999 NDAA accelerated the rate increase from \$650 to \$840 for officers with more than 14 years but less than 22 years of aviation service.
- (2) Aviation Continuation Pay (ACP) - The ACP program is a financial incentive to complement non-monetary initiatives to improve pilot retention. The FY 1998 National Defense Authorization Act (NDAA), modified in (Sec. 616), allows bonus adjustment from \$12,000 to \$25,000 as an incentive to Aviation career officers who agree to remain on active duty through 14 years of active service. The Air Force was paying \$22,000 for long term contracts. The FY2000 NDAA conference report approves an enhancement to the ACP program, allowing payment through the grade of O-6 and through 25 years of service and increasing the annual payment to \$25,000. Additionally the Air Force program authorizes 50% up front payments (\$100,000 limit) to newly eligible pilots. Exhibit MP-7 illustrates the Air Force program under enhanced ACP.
- (3) Non-Crew Member - Involves frequent and regular participation in aerial flights. Paid as an incentive for the performance of hazardous duty required by orders. It is paid to non-rated crewmembers and non-crew members (e.g., gunnery instructors, aerial photo personnel, and flight nurse) only when performing such duties in fixed monthly amounts of \$150. This amount was increased from \$110 to \$150 in the FY 1998 NDAA.
- (4) Air Weapons Controller - It has been difficult in recent years to retain members in Airborne Warning and Control System (AWACS) duties. As a result, the rates for this duty have been increased and range from \$150 to \$350 per month. Beginning in FY 2000, AWACS personnel have been included under Aviation Continuation Pay.
- (5) Parachute Jumping - Duties involve parachute jumping from an aircraft in aerial flight and performing the specified minimum jumps, payable at \$150 per month. Members, who perform duty involving parachute jumping at a high altitude with a low opening (HALO) as an essential part of duty, are entitled to pay at the monthly rate of \$225.
- (6) Experimental Stress - An unusually high level of physiological or other stress; specifically (a) duty inside a high (hyperbaric) or low pressure (altitude) chamber, (b) duty as a human acceleration/deceleration test subject, and (c) duty as a human test subject in thermal stress experiments. It is paid under specified conditions in a monthly amount of \$150.
- (7) Demolition - Explosive demolition as a primary duty including training for such duty. It is paid under specified conditions at a monthly rate of \$150.
- (8) Toxic Fuel Handlers - Duties in which personnel may be exposed to toxic fuels and propellants. This pay was initiated as a result of a number of casualties among personnel who work with hypergolic fuel, specifically hydrazine and nitrogen tetroxide. It is paid at a monthly rate of \$150.
- (9) Live/Hazardous Biological Organisms - Duty involving laboratory work utilizing live dangerous viruses or bacteria. Paid at a monthly rate of \$150.

PART II - JUSTIFICATION OF FUNDS REQUESTED

Beginning in FY2001 the incremental cost for military personnel contingency requirements in Bosnia and Southwest Asia will be centrally managed as part of the Overseas Contingency Operations Transfer Fund (OCOTF) instead of the military personnel appropriation which is reflected in this submission. Incentive pay is computed on the basis of the average number of officers in each category or aviation service/commission service who are eligible for payment. Other incentive duty pay is computed at the statutory rate per workyear.

FY 1999 Actual \$187,263

FY 2000 Estimate \$197,966

FY 2001 Estimate \$197,018

PART I - PURPOSE AND SCOPE

Funds provide for:

- (1) Special pay for Health Professionals on active duty as physicians, dentists, veterinarians, and optometrists under provisions of 37 U.S.C. 302, 302a, 302b, and 303; the FY 1991 National Defense Authorization Act (P.L. 101-510); the Office of the Assistant Secretary of Defense (OASD), FY 1993 Multi-Year Special Pay (MSP) and Incentive Special Pay (ISP) - Action Memorandum, dated 1 Sep 92; DoD Directive 1340.13, "Special Pay for Medical Corps Officers" and DoD Directive 6000.2, "Minimum Terms of Service and Active Duty Obligations for Health Services Officers."
 - a) Medical Variable Special - monthly pay authorized for all physicians based on years of creditable service. The total annual pay ranges from \$5,000 to \$12,000 except for O-7s and above who receive \$7,000 per year and interns who receive \$1,200 per year.
 - b) Medical Board Certified - A monthly payment that varies with length of creditable service paid to physicians who become certified or recertified as having successfully met specified post-graduate education, training and experience requirements. The total annual pay ranges from \$2,500 to \$6,000 depending on years of service.
 - c) Medical Additional Special - A lump sum annual payment for physicians not in internship or initial residency training who execute an agreement to remain on active duty for at least one year. Officers receive \$15,000 per year.
 - d) Medical Incentive Special - Paid to qualified physicians in critical specialties who execute an agreement to remain on active duty for at least one year. Amount of pay is based on most critically short wartime specialties and years of experience. ISP under this program was recently revised by the above mentioned OASD Guidance.
 - e) Multi-Year Special Pay - A program authorized in FY 1991 by P.L. 101-510 (as amended by the above mentioned 1 Sep 92 OASD memorandum) to be used in conjunction with existing ISP authority to enhance physician force management. MSP program replaced the Medical Officer Retention Bonus.
 - f) Dental Variable Special - A monthly payment authorized for all dentists based on years of creditable service. Total annual pay ranges from \$3,000 to \$12,000 except for O-7s and above who receive \$1,000 per year.
 - g) Dental Board Certified - A monthly payment that varies with length of creditable service paid to dentists who become certified or the equivalency as having successfully met specified post-graduate education, training, and experience requirements. The total annual pay ranges from \$2,500 - \$6,000 depending upon years of service.
 - h) Dental Additional Special - A lump sum annual payment for dentists not in internship or residency training who execute an agreement to remain on active duty for at least one year. The FY 1998 NDAA increased payments from to \$6,000 to \$15,000 depending on years of service.
 - i) Dental Accession Bonus - This is a subcategory of Dental Special Pay that was authorized in the FY 1997 National Defense Authorization Act, which allows for a new payment category of \$30,000. This is a one-time payment on the member's entry.
 - j) Dental Multi-year Special Pay (MSP) - The FY 1998 NDAA authorized payments from \$3,000 to \$14,000 per year for dentists with more than eight years in service who accept long-term contracts to remain on active duty.
 - k) Nurse Anesthetist Incentive Pay - P.L. 103-337, Section 612, the FY 1995 Authorization Act authorizes an ISP up to \$15,000 to all Certified Registered Nurse Anesthetists.

- l) Nurse Accession Bonus - An accession bonus of up to \$5,000 has been authorized by the FY 1990 Authorization Act.
 - m) Nurse Board Certification Pay - The FY 1996 Authorization Act amends section 302C(D(1)) of Title 37 U.S.C. and authorizes payments ranging from \$2,000 to \$5,000 for Board Certified Pay for Non-Physician Health Care Providers.
 - n) Optometrists and Veterinarians - A special pay amount of \$100 per month has been authorized by 37 U.S.C., Sec. 302a and 303 respectively.
 - o) Biomedical Sciences Corps (BSC) officers - Authorized by P.L. 101-510 Title 37, annual payments are: under 10 years, \$2,000; 10-12 years, \$2,500; 12-14 years, \$3,000; 14-18 years, \$4,000; and over 18 years, \$5,000 for Non-Physician Health Care Providers.
- (2) Personal money allowances for certain general officers under provisions of 37 U.S.C. 414(a). The allowance is payable while an officer is serving in the grade of O-9 or above at annual rates of \$500 and \$2,200 for O-9s and O-10s respectively. Entitlement may also be based upon specific duty assignments as follows: (1) Chairman of the Joint Chiefs of Staff and Chief of Staff of the Air Force payable at \$4,000 per year in place of any other personal money allowance authorized and (2) Senior member of the Military Staff Committee of the United Nations payable at \$2,700 per year in addition to the other personal money allowance authorized.
 - (3) Pararescue Diving Duty. The purpose of the special pay is to alleviate a critical manning shortage. The duty involves underwater rescue missions, recovery of space vehicles, detection and treatment of decompression sickness, and infiltration/exfiltration for land rescue in a combat environment. It is paid at the rate of \$150 per month.
 - (4) Hostile Fire Duty. Paid to members who serve in designated areas subject to specific dangers. Paid at the rate of \$150 per month.
 - (5) Foreign Language Proficiency Pay (Linguist). 37 U.S.C. 316 authorizes this special pay to all officers who are proficient in a second language and DoD has critical need for that language. The FY00 NDAA included a provision increasing the maximum Foreign Language Proficiency Pay from \$100 per month to \$300 per month.

PART II - JUSTIFICATION OF FUNDS REQUESTED

Variable Special Pay is based on cost factors derived from statutory rates and the average number of physicians and dentists programmed per years of credible service. Board Certified Pay and Incentive Special Pay (ISP) are based on the estimated number of physicians and dentists who qualify to receive these special pays multiplied by the statutory rates. The ISP and Multi-Year Special Pay (MSP) rates are based on the projected specialties needed. Additional Special pay is estimated from the expected number of physicians who will agree to remain on active duty for at least one additional year, times the applicable rate. Beginning in FY 1991, IAW the Defense Authorization Act, MSP was instituted as a force management tool. Eligible officers who signed up for MSP, which replaced Medical Officer Retention Bonus, are paid over a multi-year period. Special pay for dentists is based on longevity of programmed dentists times the applicable rates. Special pay for veterinarians and optometrists is computed by multiplying statutory rates by the number of people programmed in each specialty. Beginning in FY2001 the incremental cost for military personnel contingency requirements in Bosnia and Southwest Asia will be centrally managed as part of the Overseas Contingency Operations Transfer Fund (OCOTF) instead of the military personnel appropriation which is reflected in this submission.

Details of the computation are shown in the following tables:

PROJECT: BASIC ALLOWANCE FOR HOUSING - OFFICERS

FY 1999 Actual	\$608,363
FY 2000 Estimate	\$614,602
FY 2001 Estimate	\$637,900

PART I - PURPOSE AND SCOPE

In the FY 1998 National Defense Authorization Act, Congress approved the payment of a basic allowance for housing (BAH) to service members. The BAH combined housing payments formerly provided by basic allowance for quarters (BAQ) and Variable Housing Allowance (VHA). Payment to service members is authorized by revisions to 37 USC 403.

PART II - JUSTIFICATION OF FUNDS REQUESTED

Effective 1 Jan 1998, Overseas Housing Allowance (OHA) was linked to BAH and is now displayed in the BAH exhibit. OHA has been renamed BAH Overseas and includes the former BAQ allowance paid to overseas members.

BAH amounts in FY2000 and FY 2001 reflect housing costs based on current market values resulting from the a contractor generated survey of actual housing costs rather than the previous member survey methodology. In addition, this budget includes the initiative to reduce out-of-pocket housing costs in FY 2001 from 18.8 percent to 15 percent for military members.

The computation of requirements is provided in the following tables:

PROJECT: BASIC ALLOWANCE FOR SUBSISTENCE - OFFICERS

FY 1999 Actual	\$134,880
FY 2000 Estimate	\$133,555
FY 2001 Estimate	\$135,485

PART I - PURPOSE AND SCOPE

Funds provide monthly subsistence allowance as authorized by 37 U.S.C. 402.

PART II - JUSTIFICATION OF FUNDS RECEIVED

Basic allowance for subsistence costs are computed by multiplying the statutory rate by the programmed officer workyears. BAS reform was implemented 1 Jan 1998 as a cost neutral effort to provide all eligible personnel with a BAS payment. This reform limits the growth of BAS to 1 percent per year in order to allow the department to make partial BAS payments with the remaining pay raise resources going to members receiving subsistence -in-kind (SIK) payments. Projected increases in cost growth will allow the U.S. Department of Agriculture (USDA) food index to catch up with the BAS payment in approximately three years at which time all enlisted personnel will be entitled to a BAS payment.

Details of the computation are provided in the following table:

PROJECT: STATION ALLOWANCE, OVERSEAS - OFFICERS

FY 1999 Actual	\$60,265
FY 2000 Estimate	\$58,936
FY 2001 Estimate	\$58,336

PART I - PURPOSE AND SCOPE

Funds provide payment of a per diem allowance to officers on duty outside the Continental United States. The station allowance considers all elements of the cost of living, including quarters, subsistence and other necessary incidental expenses as prescribed by Joint Travel Regulation and authorized under the provisions of 37 U.S.C. 405.

PART II - JUSTIFICATION OF FUNDS REQUESTED

This allowance is authorized for the purpose of defraying the average excess costs experienced by service members. The FY 1998 NDAA merged all housing allowances, including OHA, into BAH effective 1 Jan 98. Therefore, overseas housing allowances are reflected in the BAH Overseas section. The Moving-In Housing Allowance is intended to offset initial costs such as rent deposits, electrical current transformers and other overseas unique initial housing costs. The Temporary Lodging Allowance covers the off-base housing (hotel) costs for military members permanently relocating in or out of an overseas location. The number of personnel entitled to an overseas station allowance is based, as directed in guidance, on historical data adjusted for known changes of each type of allowance.

The workyears for Cost of Living, Moving-In and Temporary Lodging allowances are based on authorized overseas strengths for each fiscal year.

PROJECT: CONUS COST OF LIVING ALLOWANCE (COLA) - OFFICERS	FY 1999 Actual	\$541
	FY 2000 Estimate	\$556
	FY 2001 Estimate	\$581

PART I - PURPOSE AND SCOPE

Congress approved in the FY 1995 Defense Authorization Act the payment of a COLA to servicemembers assigned to high cost areas in the CONUS.

PART II - JUSTIFICATION OF FUNDS REQUESTED

As part of the DoD Quality of Life Initiatives, high cost areas are grouped as Military Housing Areas (MHA) where the cost of goods and services exceeds 108 percent of the national cost of living average. Computation of program cost is the product of the number of members assigned to a designated high-cost area of CONUS, their grade and dependency status, and the percent by which an area's cost of non-housing goods and services exceeds 108 percent of the national cost of living average.

PROJECT: UNIFORM ALLOWANCES - OFFICERS

FY 1999 Actual	\$1,754
FY 2000 Estimate	\$1,864
FY 2001 Estimate	\$3,731

PART I - PURPOSE AND SCOPE

Funds provide an initial clothing allowance to officers upon commissioning and an additional allowance for purchase of required uniforms. Authorization for this allowance is under the provisions of 37 U.S.C. 415 and 416. Congress, in the FY 1988-1989 Defense Authorization Act, approved the payment of Civilian Clothing Allowance for Air Force Officers. Officers assigned at locations outside the United States who are required to wear civilian clothing in the performance of their duties and/or a TDY mission are entitled to receive this allowance.

PART II - JUSTIFICATION OF FUNDS REQUESTED

Uniform allowances are determined by applying statutory rates to the programmed number of eligible officers. Starting 1 January 1985, the initial clothing allowance paid to all personnel commissioned or appointed as officers in the Regular or Reserve component is \$200 regardless of source of commission or previous enlisted status. Officers are also entitled to an additional active duty uniform allowance of \$100 to pay for additional uniforms required while they are on active duty for training. The FY01 Unified Legislation and Budgeting submission includes an initiative to increase the total officer uniform allowance to \$600. The additional cost associated with this initiative is included in this Presidents Budget submission. The number of payments for the Initial and Additional Allowances are based on the number of accessions programmed.

	FY 2001 Estimate	\$2,754

PART I - PURPOSE AND SCOPE

Funds provide two types of family separation allowance (FSA I & II) payments, under the provisions of 37 U.S.C. 427, to officers with dependents to compensate for added expenses incurred because of forced separation from dependents:

- (1) Members are entitled to FSA I when travel of dependents to overseas duty station is not authorized and the member maintains two homes, one in CONUS for his family and one overseas. FSA I is paid at the BAH II - without/dependent rate.
- (2) FSA II is payable when a member with dependents makes a permanent change of station, or member is on temporary duty away from permanent duty station for 30 consecutive days or more either in CONUS or overseas, and the travel of dependents to member's duty station is not authorized, and dependents do not reside at or near the duty station. The FY 1998 National Defense Authorization Act increased the FSA payment from \$75 to \$100 for those members in TDY and PCS status.

PART II - JUSTIFICATION OF FUNDS REQUESTED

Allowances for family separation payments are determined by multiplying the number of personnel eligible for each type of family separation allowance by the applicable statutory rate.

Beginning in FY2001 the incremental cost for military personnel contingency requirements in Bosnia and Southwest Asia will be centrally managed as part of the Overseas Contingency Operations Transfer Fund (OCOTF) instead of the military personnel appropriation which is reflected in this submission.

Details of the cost computation are provided in the following tables:

PART I - PURPOSE AND SCOPE

Funds provide:

- (1) Lump sum terminal leave payments to officers for unused accrued leave at time of discharge (under honorable conditions), retirement or death under provisions of 10 U.S.C. 701, and 37 U.S.C. 501.
- (2) Severance pay to officers who are involuntarily discharged or released from active duty, including severance pay to officers not eligible for retirement under any provision of law on the date of elimination by promotion list passover under provisions of 10 U.S.C. 637(a); disability severance pay paid to a member separated from the service for a physical disability under provisions of 10 U.S.C. 1212; and severance pay paid to certain members who voluntarily separate under the Voluntary Separation Incentive (VSI)/Special Separation Benefit (SSB) programs under the provisions of U.S.C. 1775 and 1174a, and certain members who retire under the Temporary Early Retirement Authority (TERA) under the provisions of 10 U.S.C. 8911, 8914 as amended.

PART II - JUSTIFICATION OF FUNDS REQUESTED

Lump sum terminal leave payments are determined by multiplying the projected number of eligibles for each applicable separation payment at rates based on past experience and adjusted for pay raises. For leave accumulated prior to 1 September 1976 and retained throughout the career, payments include basic pay, basic allowance for subsistence and basic allowance for quarters. For leave accumulated after 1 September 1976, to include lowering to the 1 September 1976 leave balance, the rate payable is basic pay only. Leave payments will not exceed the career total of 60 days.

Severance pays are determined by multiplying a member's basic pay rate for a specified number of months times years of service times a specific percent based on the separation criteria.

The FY 1992 Defense Authorization Act approved two voluntary separation programs to employ during the force drawdown. The programs apply to officer and enlisted members who have more than 6 and less than 20 years of service. The first is the VSI Program and the second is the SSB Program. VSI is calculated as follows: annual basic pay X 2.5 percent X years of service with annuity payments for twice the years of service. SSB payments are calculated as follows: annual basic pay X 15 percent X years of service. These programs will be used to reduce involuntary separations and will be offered to members in overage specialties to facilitate force-shaping requirements during the drawdown. Currently, we do not anticipate any requirements for VSI and SSB through FYs 1999 - 2001.

The FY 1999 National Defense Authorization Act extended the active duty early retirement program for use during the force drawdown. The early retirement program is necessary to shape the 15-20 year segment of the force. It will assist the services in achieving their drawdown goals of maintaining readiness and treating people fairly. The criteria for early retirement will include such factors as grade, years of service, and skill, with a focus on the population where the inventory exceeds requirements. Members approved for early retirement will receive the same benefits as individuals with 20 or more years of service. However, their retired pay will be reduced by one percent for each year that they are short of 20 years of active duty. The early retirement amount is the product of 2.5 percent X years of service X basic pay (adjusted for COLA) X reduction factor. For members who leave under the early retirement program, the Air Force is required to establish a subaccount within the Military Personnel Appropriation to fund up front all early retirement payments including cost of living adjustments, which will cover the entire initial period. This period is defined as that period equal to the difference between 20 years and the number of years completed by the member.

The FY 2000 National Defense Authorization Act provided for a \$30K Lump Sum Bonus provision to retiring members who elect to remain under the reduced 40 percent "Redux" retirement plan. This provision is reflected in FY 2001.

PROJECT: SOCIAL SECURITY TAX (EMPLOYER'S CONTRIBUTION) - OFFICERS	FY 1999 Actual	\$282,650
	FY 2000 Estimate	\$257,922
	FY 2001 Estimate	\$262,956

PART I - PURPOSE AND SCOPE

Funds represent the Air Force contribution (as an employer) as required by the Federal Insurance Contribution Act (FICA) under provisions of 26 U.S.C. 3101 and 3111.

PART II - JUSTIFICATION OF FUNDS REQUESTED

Social security costs are based on the percentage rate set by law on a member's salary for a calendar year. P.L. 98-21, "Social Security Amendment of 1983" dated 20 April 1983, established the tax rate while the maximum taxable income is determined by the Social Security Administration. The Old Age, Survivor and Disability Insurance (OASDI) rate is 6.2 percent and the Hospital Insurance (HI) is 1.45 percent. There is no wage cap on the 1.45 percent medical contribution. The Government's contribution is based on the percentage rate set by law on member's salary for a calendar year. Taxable income ceilings for OASDI are as follows:

Calendar Year 1999 - 7.65% on First \$72,600
Calendar Year 2000 - 7.65% on First \$73,800
Calendar Year 2001 - 7.65% on First \$76,200

Funding for FY 1999 includes employer's contribution to Social Security for which military members receive wage credit but no social security tax (i.e., quarters and subsistence allowances). DoD makes direct payments to the Social Security Trust Funds based on Health and Human Services (HHS) estimates to cover the cost of these additional credits. To recognize service members full Social Security eligibility, service members' reported wages were increased and the "taxes" related to this increase were paid into the Social Security Trust Fund by DoD. However, the realized benefit of the wage credit is minimal. Since only the highest 35 years of earnings are counted in determining SS benefits, service members, who do not continue until retirement (83 percent of members), would generally have 35 years of earnings without considering military service. Any military earnings that do count in the 35 year period would be modest compared to more recent earnings and would have almost no influence on SS benefits. Therefore, the Department has eliminated the military wage credit in FY 2000 and FY 2001 to allow these funds to be reapplied to other high priority initiatives with minimal impact on a former service member's future overall retirement benefit.

	FY 2000 Estimate	\$5,908,308
	FY 2001 Estimate	\$6,228,883

PART I - PURPOSE AND SCOPE

Funds provide basic compensation of enlisted personnel on active duty, including length of service increments, under provision of 37 United States Codes 201, 203, and 205.

PART II - JUSTIFICATION OF FUNDS REQUESTED

Funding requirements include annualized pay raises of 3.6 percent in FY 1999 and 4.8 percent in FY 2000. FY 2001 requirements include the annualization of a 4.8 percent pay raise in FY 2000 and 3.7 percent in FY 2001. The budget also includes amounts for Pay Table Reform (one quarter in FY2000 and full year in FY2001).

FY 1999 beginning strength was 291,590 with an actual ending strength of 286,169 resulting in the utilization of 291,509 workyears.

FY 2000 beginning strength will be 286,169 and ending with 284,311 using 287,790 workyears.

FY2001 beginning strength will be 284,311 and ending with 282,800 using 287,387 workyears.

PART I - PURPOSE AND SCOPE

Funds provide for the Department of Defense's contribution to the Military Retirement Fund, under provisions of 10 United States Code 1466. Retired pay accrual amounts are approved rates based on the latest economic assumptions, i.e., interest, salary and cost-of-living adjustments.

PART II - JUSTIFICATION OF FUNDS REQUESTED

The budgetary estimates are derived as a product of:

- (a) Retired Pay Accrual Normal Cost Percentage (NCP) approved by the Board of Actuaries.
- (b) The approved percentages are 30.2% in FY 1999, 31.8% for FY 2000, and 29.6% for FY2001.

PROJECT: INCENTIVE PAY FOR HAZARDOUS DUTY - ENLISTED	FY 1999 Actual	25,346
	FY 2000 Estimate	36,737
	FY 2001 Estimate	36,737

PART I - PURPOSE AND SCOPE

The purpose of Incentive Pay for Hazardous Duty is to help the Air Force attract and retain enlisted volunteers in duties requiring more than normal exposure to hazardous duties in peacetime. The FY 1998 NDAA increased the minimum monthly incentive pay to \$150 per month. To focus on the career aviation enlisted personnel; FY 2000 includes funding for Career Enlisted Flyer Incentive Pay (CEFIP) which is similar in concept to the Aviation Career Incentive Pay (ACIP) payment for officer aviators. It will be paid in fixed monthly amounts ranging from \$150 to \$400.

Funds provide payment to enlisted personnel under provisions of 37 United States Code 301 as follows:

- (1) Crew Member - A member who is required by competent orders to participate frequently and regularly in aerial flights. Minimum monthly flight requirements must be attained in order to qualify for this pay.
- (2) Non-Crew Member - Involves frequent and regular participation in aerial flights. Enlisted personnel non-crew members are classified as "operational support flyers." They are required to perform critical in-flight duties (such as maintenance) that cannot be performed by an assigned crew member. This amount was increased from \$110 to \$150 in the FY 1998 NDAA.
- (3) Parachute Jumping - Incentive pay for hazardous duty to induce volunteer enlisted personnel to enter into and remain in duty involving parachute jumping from an aircraft in aerial flight. Members, who perform duty involving parachute jumping at a high altitude with a low opening (HALO) as an essential part of duty, are entitled to pay at the monthly rate of \$225.
- (4) Demolition - Explosive demolition as a primary duty including training for such duty. Paid to members who demolish, by the use of explosives, underwater objects, obstacles or explosives, or who recover and render harmless, by disarming or demolition, explosives which have failed to function as intended or which become a potential hazard. It is paid under specified conditions at a monthly rate of \$150.
- (5) Experimental Stress - Duties involving an unusually high level of physiological or other stress; specifically (a) duty inside a high (hyperbaric) or low pressure (altitude) chamber, (b) duty as a human test subject in thermal stress experiments, and (c) duty as human acceleration/deceleration test subject. Paid at a monthly rate of \$150.
- (6) Toxic Fuel Handlers - Duties in which personnel may be exposed to toxic fuels and propellants. This pay was initiated as results of a number of casualties among personnel who work with hypergolic fuel, specifically, hydrazine and nitrogen tetroxide. It is paid at a monthly rate of \$150.
- (7) Live/Hazardous Biological Organisms - Duties in which members may be exposed to toxic pesticides or to various hazardous viruses and biological organisms and paid at a monthly rate of \$150.
- (8) Career Enlisted Flyer Incentive Pay (CEFIP) – Incentive pay to compensate career enlisted aircrew members and is based on years of aviation service rather than solely on rank. The CEFIP rates: \$150 a month for aviation service less than 4 years (which is the current minimum HDIP rate), over 4 years aviation service is \$225, over 8 years of aviation service \$350, and \$400 for over 14 years of aviation service \$400.
- (9) Other hazardous duty required by order and authorized under the provisions of 37 United States Code 301.

PART II - JUSTIFICATION OF FUNDS REQUESTED

Incentive duty pay is computed on the basis of the average number of enlisted in each pay grade who are eligible for payment. Average pay rates for flying duty crew members are those prescribed by law, based on average years of service by pay grade. In addition, Career Enlisted Flying pay has been included in this budget. All other hazardous duty pay is computed at the statutory rate per workyear. The computation of fund requirements is provided in the following tables:

	FY 2000 Estimate	\$43,252
	FY 2001 Estimate	\$35,122

PART I - PURPOSE AND SCOPE

Funds provide special pay to enlisted personnel for sea duty or duty outside the 48 contiguous states and the District of Columbia as designated by the Secretary of Defense under the provisions of 37 United States Code 305 and 305a; for duty subject to hostile fire under the provisions of 37 United States Code 310; and for special pay for enlisted members extending duty at designated locations overseas under the provisions of 37 United States Code 314.

(1) Duty at Certain Places (Foreign Duty) - Payment to certain enlisted personnel for purposes of morale and in recognition of the greater than normal hardship experienced at designated locations outside the 48 contiguous states and the District of Columbia. Payment is based on grade with rates ranging from \$8 to \$22.50 per month.

(2) Overseas Tour Extension Pay (OTEIP) - Purpose is to induce enlisted personnel in certain specified "critical skill" classifications to extend their tours for the convenience of the government. Some military specialties are imbalanced in that there are many more positions overseas than in the United States. This results in members being reassigned overseas after less than two years in the United States. This is a career irritant that has resulted in many voluntary separations from the service. A financial incentive for extending tours of duty overseas helps alleviate these problems as well as conserve permanent change of station (PCS) funds. The OTEIP rate changed effective 1 Oct 98 paying members a \$2000 lump sum instead of the previous \$80 per month.

(3) Diving Duty Pay - Authorized for enlisted members of the Air Force under the provisions of 37 United States Code 34. The specific amount to be paid is determined by the Secretary of the Air Force. Although the maximum amount authorized by law is \$300/month for enlisted personnel, the amounts paid by the Air Force are \$100 or \$150 per month based on divers' skill levels, responsibility, hazard, and need for the incentive. Air Force enlisted members engaged in diving duties fall into two career fields, pararescue and diving duty basic. Changes in the DoD Pay Manual have authorized members to receive pay when they start training. Pararescue divers conduct day/night underwater rescue operations; recover space vehicles; detect and treat decompression sickness, diving accidents/injuries; infiltrate and exfiltrate for land rescue in a combat environment and; deploy to sea via parachute, helicopter, surface or subsurface vessel. Combat control team members, who receive the diving duty-basic scuba pay, conduct infiltration and exfiltration to establish and manage air landing/off-load areas ashore. They enter water from surface vessel, parachute or helicopter drop.

(4) Hostile Fire Pay - Paid to members who serve in designated areas subject to specific dangers. It is paid at a month rate of \$150.

(5) Foreign Language Proficiency Pay - Authorized in 37 United States Code 316 for enlisted members who have been certified as proficient in a foreign language identified by the Secretary of Defense who is: (a) qualified in a military specialty requiring such proficiency; (b) received training to develop such proficiency; (c) assigned to military duties requiring such a proficiency; or (d) is proficient in a language for which DoD has a critical need. The pay, ranging between \$50 and \$100 a

month, is based on proficiency skill levels. The FY 2000 Unified Legislation and Budgeting initiative to restructure FLPP was approved and is funded in this budget. The initiative created two tiers of linguists (career linguists and others), and increased the rate for career linguists.

6) College Loan Repayment Program - Recruiting initiative designed to attract the college bound/post college drop out population. The program will be restricted to individuals enlisting in hard-to-fill AFSCs and requires a 6-year enlistment. Additionally, recruits will be ineligible for both Enlistment Bonus (EB) and this loan payment program. Maximum amount per recruit will not exceed \$10K.

PART II - JUSTIFICATION OF FUNDS REQUESTED

Amounts are computed by applying statutory or average rates to the average numbers of personnel programmed to be eligible. These areas are sensitive to initiatives in support of the national defense mission and include continuing efforts such as Southwest Asia and Bosnia contingencies. However, beginning in FY 2001 military personnel appropriation cost will be centrally budgeted for in the Overseas Contingency Operations Transfer Fund (OCOTF) and this budget reflects the funding transfer from the Military Personnel Account to the OCOTF.

	FY 2000 Estimate	\$18,0
	FY 2001 Estimate	\$18,0

PART I - PURPOSE AND SCOPE

Special Duty Assignment Pay (SDAP) is authorized by United States Code 307 and is an incentive to induce enlisted members to qualify for and serve in duties which are extremely difficult, or duties which involve an unusual degree of responsibility. As of this submission, the Air Force has limited such designations to 27 specific duties.

PART II - JUSTIFICATION OF FUNDS REQUESTED

SDAP is currently authorized for recruiters, basic military training instructors, human intelligence debriefers, combat controllers, pararescue personnel, tactical air command and control personnel, ground enlisted weapons directors, parachuting instructors, forward area refueling point personnel, flying crew chiefs, Combat Weather Forecasters, defense couriers, members of two joint operational commands, members of two special government agencies, and classified Air Force projects. These are demanding and arduous duties which require extraordinary effort for satisfactory performance. The Air Force conducts reviews of the duties requiring periodic justification, with changes as may be indicated by the review. This program is dynamic and may be added or deleted throughout the year.

PROJECT: SELECTIVE REENLISTMENT BONUS - ENLISTED

FY 1999 Actual	\$/4,152
FY 2000 Estimate	\$120,824
FY 2001 Estimate	\$112,825

PART I - PURPOSE AND SCOPE

A Selective Reenlistment Bonus (SRB) is authorized by United States Code 308 as an incentive to attract additional reenlistments in critical military specialties which are characterized by retention levels insufficient to sustain the career force at an adequate level. It is available for application to problem reenlistment points from 21 months to 14 years of active service. The bonus amount is the product of up to 10 months of basic pay to which the member was entitled at the time of discharge or release, times the number of years of additional obligated service, not to exceed a total amount of \$45,000. The FY 1988 DoD Authorization Act changed the SRB pay methodology. The Air Force pays SRBs under the installment program paying 50 percent up front and the remainder in equal annual payments. Accelerated payments are installment payments made in advance of the normal anniversary dates. Average rates paid change in connection with multiples authorized, years of reenlistment and annual pay raises.

PART II - JUSTIFICATION OF FUNDS REQUESTED

Selective reenlistment bonus requirements are based on retention trends, current and projected manning levels, and year group shortages in critical skills. Bonuses are successful in both attracting reenlistment of members currently serving in the designated skills, and in attracting members serving in other skills to reenlist for service in the designated skills. To ensure the most prudent and effective expenditure of funds, the Air Force performs a top-to-bottom review of all skills twice each year.

During the latest SRB review for FY00, the number of authorized skills was increased by eleven, i.e., 135 skills on previous SRB list...146 now. SRB multiples were increased a total of \$25 million in 24 skills in Zone A, 15 skills in Zone B, and 15 skills in Zone C, reflective of Congressional plus-up. The goal of SRB is to maintain skill manning in line with required end strength. Retaining an adequate budget allows for the distribution of bonuses to alleviate unprojected manning shortfalls. As retention continues to be a top priority, expanded monetary inducements will be required to keep these highly trained and experienced personnel in the Air Force. Our FY 2000 budget estimates reflect these anticipated changes.

The need for bonuses is not directly tied to the overall strength levels, but rather to needs in specific skills. Thus, there will always be some skills with insufficient retention and thus a need for an SRB. We will continue to experience small cohort groups for some skills entering the reenlistment window; therefore, the need for continued bonuses will exist in order to sustain the career force.

The Air Force has and will continue to focus management initiatives to rebalance between overage and shortage skills. For shortage skills, the Air Force continually evaluates the SRB program and offers bonuses where appropriate. Other initiatives to fill shortage skills include: increased promotion opportunity to members in chronic critical shortage skills; retraining NCOs from overage skills into shortage skills; and returning previously qualified specialists to shortage skills. The following actions are aimed at reducing overage skills: voluntary and involuntary retraining out of overage skills.

PROJECT: ENLISTMENT BONUS

FY 1999 Actual	\$22,000
FY 2000 Estimate	\$83,048
FY 2001 Estimate	\$108,829

PART I - PURPOSE AND SCOPE

An enlistment bonus is authorized by 37 United States Code 308a as an incentive to induce individuals to enlist for a period of at least four years in specific, critical military skills. These skills are characterized by an inadequate number of enlistments to meet accession objectives and to restore Recruiting Service competitiveness and provide enhancements to extensions/retention in the Air Force. The maximum bonus authorized by law is \$20,000; in April 1999 the Air Force authorized the maximum enlistment bonus in two skills for a six-year enlistment to \$12,000. Individuals enlisting for a 4-year enlistment are allowed to change their enlistment contracts prior to departing Basic Military Training at Lackland AFB Texas to a six-year enlistment and collect a higher bonus. The Air Force currently pays an Initial Enlistment bonus to 100 skills.

PART II - JUSTIFICATION OF FUNDS REQUESTED

This is the first year the Air Force has had a large Enlistment Bonus program so that a significant number of payments will actually be made in the following year.

In October 1998, in an effort to restore Recruiting Service's competitiveness and provide enhancements to extension/retention in the Air Force, we expanded and enhanced the enlistment bonus/enlistment program. In April 1999, the Air Force expanded the Enlistment Bonus program establishing \$12,000 as the highest bonus amount for a six-year enlistment. The following is a further breakout of the bonus amounts and number of skills authorized an Enlistment Bonus for a six-year enlistment: \$9,000 – six skills, \$7,000 – 13 skills, \$6,000 – 23 skills, \$5,000 – 16 skills, \$4,000 – 13 skills, \$3,000 – 16 skills, \$2,000 – four skills. We also authorize a minimum of \$1,000 bonus for a 4-year enlistment in all 6-year bonus skills. The only exception is a \$3,000 4-year bonus for Combat Controllers and Pararescue personnel. As an additional recruiting incentive and as a six-month test we offer a minimum of a \$3,000 enlistment bonus for a 4- or 6-year enlistment in our hard to fill mechanical 44 or higher open aptitude index enlistment. Additionally, in FY 2000 we have programmed a \$1,000 bonus increase for the very difficult recruiting months of February, March, April and May into all the mechanical and electrical skills.

For FY 01, we are developing criteria to implement a Prior Service Enlistment Bonus for selected skills.

PROJECT: BASIC ALLOWANCE FOR HOUSING - ENLISTED	FY 1999 Actual	\$1,123,423
	FY 2000 Estimate	\$1,140,422
	FY 2001 Estimate	\$1,197,616

PART 1 - PURPOSE AND SCOPE

In the FY 1998 National Defense Authorization Act, Congress approved the payment of a basic allowance for housing (BAH) to service members. The BAH combines housing payments formerly provided by basic allowance for quarters (BAQ), variable housing allowance (VHA) and Overseas Housing Allowance (OHA). Payment to service members is authorized by revisions to 37 USC 403.

PART II - JUSTIFICATION OF FUNDS REQUESTED

The FY 1998 amount for BAH reflects the 1 January 98 start date for BAH and includes a 2.5 percent increase, which is the composite of the 2.8 percent rate applicable to BAQ and the 1.4 percent applicable to VHA. Effective 1 Jan 1998, Overseas Housing Allowance (OHA) was linked to BAH and is now displayed in the BAH exhibit. OHA has been renamed BAH Overseas and includes the former BAQ allowance paid to overseas members.

BAH amounts in FY2000 and FY 2001 reflect housing costs based on current market values resulting from the a contractor generated survey of actual housing costs rather than the previous member survey methodology. In addition, the FY 2001 budget includes the initiative to reduce out-of-pocket housing costs from 18.8 percent to 15 percent for military members.

PROJECT: STATION ALLOWANCE, OVERSEAS - ENLISTED	FY 1999 Actual	\$218,54
	FY 2000 Estimate	\$207,81
	FY 2001 Estimate	\$208,75

PART I - PURPOSE AND SCOPE

Funds provide payment of a per diem allowance to enlisted personnel on duty outside the continental United States. The station allowance considers all elements of the cost of living; subsistence and other necessary incidental expenses as prescribed by Joint Travel Regulation and authorized under the provisions of 37 United States Code 403 and 405.

PART II - JUSTIFICATION OF FUNDS REQUESTED

Station Allowances, Overseas consists of: (a) cost of living allowance (COLA), (b) temporary lodging allowance (TLA), and (c) moving-in housing allowance (MIHA). The Overseas Housing Allowance (OHA) consists of the difference between the Basic Allowance for housing and the applicable housing costs in the overseas area where members are stationed. The FY 1998 NDAA merged all housing allowances, including OHA, into BAH effective 1 Jan 98.

TLA covers the off-base housing (hotels) costs for military members permanently relocating in or out of an overseas location. MIHA is intended to offset initial costs such as rent deposits, electrical current transformers and other overseas unique initial housing costs. The number of personnel entitled to an overseas station allowance is based on historical data adjusted for known changes in each type of allowance. Beginning in FY 1997 the Military Personnel appropriation rejoined the Foreign Currency Fluctuation Account (Defense).

The workyears for cost of living allowance, temporary lodging allowance, and moving-in allowance are based on authorized overseas strengths for each fiscal year.

PROJECT: CONUS COST OF LIVING ALLOWANCE (COLA) - ENLISTED	FY 1999 Actual	\$593
	FY 2000 Estimate	\$589
	FY 2001 Estimate	\$597

PART I - PURPOSE AND SCOPE

In the Fiscal Year 1995 DoD Authorization Act, Congress approved the payment of a COLA to soldiers assigned to high cost areas in CONUS.

PART II - JUSTIFICATION OF FUNDS REQUESTED

As part of the DoD Quality of Life Initiatives, high cost areas are grouped as Military Housing Areas (MHA) where the cost of goods and services exceeds 108 percent of the national cost of living average. Implementation of the entitlement was 1 July 1995. Computation of program cost is the product of military member by grade and dependency status, the number of members assigned to a designated high-cost area of CONUS, and the percent by which an area's cost of non-housing goods and services exceeds 108 percent of the national cost of living average.

Details of the computation are shown below:

PROJECT: CLOTHING ALLOWANCES - ENLISTED	FY 1999 Actual	\$111,179
	FY 2000 Estimate	\$123,307
	FY 2001 Estimate	\$125,326

PART I - PURPOSE AND SCOPE

Funds provide payment to enlisted personnel for prescribed clothing, authorized by the Secretary of Defense under the provisions of U.S.C. 418. This project includes:

- (1) Initial clothing allowances upon enlistment,
- (2) Civilian clothing allowances when authorized,
- (3) Basic replacement allowance payable to a member upon completion of six months active duty for the remainder of the first three years of continuous service,
- (4) Standard replacement allowance payable to a member upon completion of 36 months of active duty through the remainder of active duty, and
- (5) Supplemental clothing allowances for personnel assigned to special organizations or details where the nature of duties requires additional items of individual uniform clothing.

Both basic and standard replacement allowances are cash payments. Effective October 1, 1985, all replacement allowances are paid annually.

PART II - JUSTIFICATION OF FUNDS REQUESTED

The annual rates prescribed by the Secretary of Defense are used to determine clothing allowance requirements. Estimates also include new payment standards, approved in the FY 1988 NDAA, for civilian clothing allowance. The new system pays a lower initial allowance at the start of the tour followed by an annual replacement (continuing) allowance as long as the member remains in a qualifying assignment. Previous policy authorized one lump-sum payment at the start of the tour. The number of payments for the Initial and Additional Allowances are based on the number of accessions programmed.

The computation of requirements is provided in the following table:

PROJECT: FAMILY SEPARATION ALLOWANCES - ENLISTED	FY 1999 Actual	\$18,314
	FY 2000 Estimate	\$18,183
	FY 2001 Estimate	\$12,693

PART I - PURPOSE AND SCOPE

Under the provision of 37 United States Code 427, two types of family separation allowance (FSA) payments are made to enlisted personnel with dependents to compensate for added expenses incurred because of forced separation from dependents:

(1) Members are entitled to FSA I when travel of dependents to overseas duty station is not authorized and the member maintains two homes, one in the continental United States (CONUS) for his family and one overseas.

(2) FSA II is payable when a member with dependents makes a permanent change of station or is on temporary duty travel for 30 consecutive days or more either in CONUS or overseas and the travel of dependents to his duty station is not authorized and dependents do not reside at or near the duty station.

The FY 1998 NDAA increased the Family Separation Allowance Type II rates from \$75 to \$100 per month.

PART II - JUSTIFICATION OF FUNDS REQUESTED

Allowances for family separation payments are determined by multiplying the number of personnel eligible for each type of family separation allowance by the applicable statutory rate. The FY 2001 budget reflects the transfer of cost for contingency operations in the Southwest to the Overseas Contingency Operations Transfer Fund (OCOTF)

Details of the cost computation are provided in the following tables:

	FY 2000 Estimate	\$13,019
	FY 2001 Estimate	\$97,901

PART I - PURPOSE AND SCOPE

Funds provide payment to enlisted personnel for:

- (1) Lump sum terminal leave (LSTL) payments for unused accrued leave at time of discharge (under honorable conditions), retirement or death under provisions of 10 United States Code 501.
- (2) Severance pay to members separated for physical disability under provisions of 10 United States Code 1212.
- (3) Donations for discharge under certain conditions under the provisions of 10 United States Code 1048.
- (4) Separation Pay for discharge under provisions of 10 United States Code 1174 as amended.
- (5) Voluntary Separation Incentive and Special Separation Benefits programs under the provision of United States Code 1775 and 1774a.
- (6) \$30,000 Lump Sum Bonus program is provided for in the FY 2000 National Defense Authorization Act.

PART II - JUSTIFICATION OF FUNDS REQUESTED

Lump sum terminal leave is accrued leave earned by an active duty member. Payments are paid to members to compensate for the accrued leave at the time of retirement or separation. Also, members reenlisting on their date of separation have the option to receive pay for all or a portion of their accrued leave. The total requirement for separation payments is determined by multiplying the projected number of payments by the estimated average cost per payment. For leave accumulated prior to September 1976 and retained throughout a member's career, payments include basic pay, \$1.25 per day quarters allowance to members in pay grade E-5 through E-9 with dependents, and \$.70 per day to all members for subsistence. For leave accumulated after September 1, 1976, the rate payable is basic pay only. Leave payments will not exceed a career total of 60 days.

Severance pay for disability is computed at two months basic pay at the grade held at time of discharge multiplied by the number of years active service, but not more than 12 years. In addition, Title 10, Section 1174 of the United States Code was amended to authorize payment of separation pay to Enlisted members who are discharged involuntarily or denied reenlistment who have completed six or more, but less than 20 years of active service immediately before that discharge. Enlisted separation pay is calculated by multiplying a members' basic pay rate for a specified number of months times years of service times a specific percent based on the separation criteria.

The FY 1992 Defense Authorization Act approved two voluntary separation pay programs for implementation during the force drawdown. The programs apply to both officer and enlisted members who have more than six and less than 20 years of service. The first is the Voluntary Separations Incentive (VSI) Program, and the second is the Special Separation Benefit (SSB) program. VSI payments are calculated as follows: annual base pay times 2.5 percent times number of years of service with annuity payments for twice the years of service. SSB payments are calculated as follows: annual base pay times 15 percent times number of years of service. These programs will be used to reduce involuntary separations and will be offered to members in overage specialties to facilitate force shaping requirements during the drawdown.

The FY 2000 National Defense Authorization Act approves the \$30,000 Lump Sum Bonus program for retiring members who elect to remain under the reduced 40 percent "Redux" retirement plan.

PROJECT: SOCIAL SECURITY TAX (EMPLOYER'S CONTRIBUTION) - ENLISTED	FY 1999 Actual	\$503,330
	FY 2000 Estimate	\$451,985
	FY 2001 Estimate	\$476,510

PART I - PURPOSE AND SCOPE

Funds represent the Air Force contribution (as an employer) as required by the Federal Insurance Contribution Act (FICA) under provisions of 26 U.S.C. 3101, and 3111.

PART II - JUSTIFICATION OF FUNDS REQUESTED

Social Security costs are based on the percentage rates set by law on a member's salary for a calendar year. P.L. 98-21, "Social Security Amendment of 1983" dated 20 April 1983 establishes the tax rate while the maximum taxable income is determined by the Social Security Administration. The Old Age, Survivor and Disability Insurance (OASDI) rate is 6.2 percent and the Hospital Insurance (HI) is 1.45 percent. There is no wage cap on the 1.45 percent medical contribution. The Government's contribution is based on the percentage rate set by law on member's salary for a calendar year. Taxable income ceiling for OASDI is as follows:

- Calendar Year 1999 - 7.65% on first \$72,600
- Calendar Year 2000 - 7.65% on first \$73,800
- Calendar Year 2001 - 7.65% on first \$76,200

Funding for FY 1999 includes employer's contribution to Social Security for which military members receive wage credit but no social security tax (i.e., quarters and subsistence allowances). DoD makes direct payments to the Social Security Trust Funds based on Health and Human Services (HHS) estimates to cover the cost of these additional credits. To recognize service members full Social Security eligibility, service members' reported wages were increased and the "taxes" related to this increase were paid into the Social Security Trust Fund by DoD. However, the realized benefit of the wage credits is minimal. Since only the highest 35 years of earnings are counted in determining SS benefits, service members, who do not continue to retirement (83 percent of service members), would generally have 35 years of earnings without considering military service. Any military earnings that do count in the 35 year period would be modest compared to more recent earnings and would have almost no influence on SS benefits. Therefore, the Department has proposed to eliminate the military wage credit to allow these funds to be reapplied to other high priority initiatives with minimal impact on a former service member's future overall retirement benefit.

PROJECT: ACADEMY CADETS

FY 1999 Actual	\$37,459
FY 2000 Estimate	\$38,426
FY 2001 Estimate	\$38,493

PART I - PURPOSE AND SCOPE

The funds requested are (a) for basic pay, commuted rations allowance, and employer's share of FICA tax for cadets appointed to the United States Air Force Academy under the provisions of 37 U.S.C. 201, 203, and 422 and the Federal Insurance Contributions Act; and (b) for the difference between the value of the commuted ration allowance and the cost of operational rations.

PART II - JUSTIFICATION OF FUNDS REQUESTED

Requirements are determined by applying statutory rates to the projected workyears. The FY00 National Defense Authorization Act (Sec. 531) requires cadet strength limitations to be measured annually as of the day before graduation versus the end of the fiscal year. This measurement shift drives a programmatic increase, which the Air Force will source in execution. The shortfall of \$0.516M and \$1.237M are reflected in the FICA line for FY2000 in FY2001 respectively in an effort to contain the impact to one area. Subsistence rates are \$5.25 per day for FY 1999, \$5.35 per day for FY 2000, and \$5.45 per day for FY 2001. The FY99 National Defense Authorization Act (Sec. 602) increased Cadet pay from 558.04 to \$600.00 per month beginning on 1 Jan 1999.

PROJECT: BASIC ALLOWANCE FOR SUBSISTENCE	FY1999 Actual	\$689,463
	FY2000 Estimate	\$686,462
	FY2001 Estimate	\$691,392

PART I - PURPOSE AND SCOPE

Funds provide for the payment of subsistence allowances to active duty enlisted personnel under the provisions of 37 U.S.C. 402. Included are allowances when (1) individual is authorized to mess separately; (2) individual is in leave status; (3) rations-in-kind are not available; (4) augmentation of subsistence allowance for meals taken separately is authorized; and (5) partial allowance for members subsisted-in-kind.

PART II - JUSTIFICATION OF FUNDS REQUESTED

The requirement is based on the average number of enlisted personnel entitled to receive several types of allowances. Distribution of personnel in the various categories is developed on the basis of actual experience, which indicates that approximately 82 percent of enlisted personnel draw basic allowance for subsistence (BAS) in lieu of subsisting in Air Force dining halls.

The requirement includes the following rate increase assumptions: 1.0 percent effective 1 Jan 2000; and 1.0 percent effective 1 Jan 2001.

Beginning 1 Jan 1998, BAS reform initiated a Partial BAS payment. Partial BAS is a cost neutral effort to eventually compensate enlisted members receiving subsistence-in-kind to the same level as enlisted members receiving BAS. BAS reform limits the growth of BAS to one percent per year in order to allow the Department to fund Partial BAS with the difference between the annual Basic Pay raise and the reduced BAS pay raise. Projected food cost growth will allow the U.S. Department of Agriculture (USDA) food plans to catch-up with the BAS payment in approximately three years at which time all enlisted personnel will be entitled to a full BAS payment.

PROJECT: SUBSISTENCE-IN-KIND

FY1999 Actual	\$104,068
FY2000 Estimate	\$110,179
FY2001 Estimate	\$110,450

PART I - PURPOSE AND SCOPE

The Subsistence-In-Kind (SIK) account provides subsistence items furnished to active duty enlisted personnel when they do not receive an allowance for subsistence. Funds requested also provide for special rations, operational rations, augmentation rations, testing of new food items, and payment for meals furnished under contract at commercial facilities where the payment of the commuted ration would create an individual hardship or the costs of the establishment of a government mess facility are prohibitive. In FY 1997, funding for SIK transferred from O&M to the Military Personnel Appropriation.

PART II - JUSTIFICATION OF FUNDS REQUESTED

SIK costs for active duty enlisted personnel not receiving an allowance for subsistence is computed by multiplying the basic daily food allowance (BDFA) by the estimated number of users. The BDFA, which represents the cost of meals for one person for one day, is based on actual experience. Funding requirements include an inflationary adjustment of 1.0 percent in FY 2000; and 1.5 percent in FY 2001. Other SIK elements are computed at the contract rate per unit.

Defense Supply Center- Philadelphia (DSCP) surcharges increased substantially since FY 1996 creating significant unfunded costs in the SIK budgets. Air Force has absorbed these increases by deferring the purchase of operational replacement rations wherever possible. However, operational rations for FY 1999, 2000 and 2001 include requirements for heat and serve Unitized Group Rations (UGRs) in support of the Expeditionary Aerospace Forces (EAFs). Additionally, MRE's will be required to start-up the Warrior Week program beginning in FY 2000 for Basic Military Training (BMT). The Warrior Week concept will provide a training experience that exposes recruits to field encampments and familiarizes them with EAF concepts.

PURPOSE AND SCOPE

For expenses incident to permanent change of station (PCS) travel of military personnel either individually or as part of organized units. PCS travel costs include mileage; monetary allowance in lieu of transportation; transportation by common carrier (rail, bus, air or water, including Air Mobility Command (AMC) and Military Sealift Command (MSC); per diem allowances; payment of dislocation allowance (DLA); payment of temporary lodging entitlement (TLE); actual and necessary expenses and cost of subsistence while in a travel status; issue of meal tickets in lieu of subsistence; travel of dependents and transportation of baggage and household goods, port handling charges for household goods; baggage and privately-owned vehicles passing through CONUS Military Traffic Management Command (MTMC) terminals; payments authorized for transportation of dependents, and personal and household effects of deceased military personnel; costs of contract packing, crating, handling and temporary storage of household goods; costs of nontemporary storage of household goods; cost of trailer allowances; travel incident to organizational movements on PCS whether for training or non-training purposes; expenses incident to PCS movement of any military group traveling under one order from the same point of origin to the same destination; minor supplies and services incident to troop or organizational PCS movements; expenses and allowances incident to separation travel, discharge or release. Expenses include all authorized temporary duty (TDY) travel directly related to and an integral part of PCS movements of individuals or organizational units. Excluded are TDY travel expenses other than that directly related to and an integral part of PCS movements. All authorized PCS travel expenses provided for under this budget program account are charged to the same subprogram account cited in the PCS travel order of the military member. The only exceptions are Base Realignment Commission (BRAC) moves and the cost of contract commercial storage of household goods on a nontemporary basis. The term "CONUS" (Continental United States) applies to the contiguous 48 states.

PROGRAM AND PRICE CHANGES

1. Program Changes:

The Air Force has reduced its operational, rotational, separation, and unit moves by 15 percent from FY 1995 through FY 1999 as compared to an end strength reduction of 8 percent. This demonstrates an Air Force commitment to force stability and management oversight of the assignment system. We expect training moves to remain relatively stable throughout the budget period. FY 1999 contingency requirements engendered a number of delayed PCS moves resulting in a budget surplus of \$30 million dollars from the amount appropriated. The FY 1999 delays produce a rippling effect whereby the FY 2000 total moves will be higher than anticipated, while the total FY 2001 moves are expected to be lower than programmed earlier. Some dollar increases are related to legislative initiatives focused on improving the military members' and their families' quality of life. They include: (1) providing temporary lodging expense (TLE) for first-term enlisted members when traveling to their first permanent duty station since they experience the same cost hardships on initial moves as they would on subsequent moves; and (2) providing dislocation allowance (DLA) for members without dependents moving into government quarters since they experience the same expenses as members with dependents moving into government family quarters. Additionally, overseas tour extension incentive program (OTEIP) entitlements pay up to \$2,000 per year for enlisted members at remote sites and in critical skills overseas and in February 1998, do-it-yourself (DITY) move reimbursements were increased from 80 percent to 95 percent. The Global POV contract, let November 1998, is a result of household goods reengineering and improved quality of life for service members as a part of the Defense Reform Initiative. MTMC rates increased the service's requirements and changed the requirements from Military Sealift Command and port handling charges to a single Global POV cost.

2. Price Changes:

Inflation rate adjustments are included through FY 2001. Increases to the Basic Allowance for Housing table impact the dislocation allowance entitlement.

PROJECT: ACCESSION TRAVEL	FY 1999 Actual	\$55,453
	FY 2000 Estimate	\$60,208
	FY 2001 Estimate	\$61,671

PART I - PURPOSE AND SCOPE

Funds provide for:

PCS movements of (1) officers appointed to a commissioned grade from civilian life, military academies, Air Force Reserves (AFRES), Reserve Officer Training Corps (ROTC), and Air National Guard (ANG) officers called or recalled to extended active duty from home or point where orders were received to first permanent duty station or training school of 20 weeks or more duration and (2) officers appointed or recalled from enlisted status from station where they served as enlisted to new permanent duty station or training school of 20 weeks or more duration. Includes officers appointed from enlisted status upon graduation from Officer Training School (OTS).

PCS movements of (1) enlistees, reenlistees and prior service personnel from recruiting station or place of enlistment to first permanent duty station or training school of 20 weeks or more duration and (2) recalled enlisted reservists from home to first permanent duty station or training school of 20 weeks or more in duration.

PCS movements of (1) individuals selected as Air Force Academy cadets upon entry into the Academy and (2) individuals who travel to the academies but fail to pass the entrance physical examinations and are required to return home.

PART II - JUSTIFICATION OF FUNDS REQUESTED

The estimates for accession travel cover the PCS movement of members entering active duty. The PCS requirements for accession travel are directly related to officer, enlisted and cadet gains as reflected in the Air Force personnel programs. These gains are required to meet planned Air Force manpower levels. This category of move results primarily from approved end strengths and separation/retirements from the Air Force; consequently, adjustments in accession travel can only be accommodated via adjustments in officer, enlisted or cadet strengths. Officer accessions include academy graduates, ROTC, medical officers, judge advocate general officers, chaplains, reserve officers and OTS graduates. Enlisted accessions include prior and non-prior service personnel, recalled reserves, USAF Preparatory School, and Officer Training School.

Air Force's recruiting initiative drives an upward trend in accession moves between FY 1999 and FY 2001. In order to meet end strength goals and to maintain our baseline force structure, this trend is expected to continue into the outyears.

Average rates are based upon statistical data, ratios, and percentages derived from actual accession PCS move costs during a given accounting period. The number of accession moves (officer, enlisted and cadet) times the appropriate rates for each element of expense (e.g., military member, dependents, household goods, etc.) results in the estimated funding required. The number of moves and the associated fiscal year requirements are shown in the tables on the following pages.

PROJECT: TRAINING TRAVEL

FY 1999 Actual	\$61,911
FY 2000 Estimate	\$63,202
FY 2001 Estimate	\$64,474

PART I - PURPOSE AND SCOPE

Funds to provide for the PCS movements of:

- (1) Officers and enlisted personnel from previous permanent duty stations to formal service or civilian schools, including technical schools, flying training schools, factory training, and other approved courses of instruction for a 20-week period or more.
- (2) Officers and enlisted school graduates and eliminees from school to their next permanent CONUS duty station excluding Academy, OTS, flying training, and ROTC graduates.
- (3) Enlisted personnel ordered to training leading to a commission.

PART II - JUSTIFICATION OF FUNDS REQUESTED

The estimates for training travel cover PCS requirements for officer and enlisted personnel engaged in Air Force and outside agency training programs. The PCS requirements for training travel are the direct result of Air Force training programs covering technical training, career training and flying training. These types of training are required to maintain the skill level and educational requirements necessary to fulfill the Air Force mission. Adjustments in training travel are directly responsive to training programs that generate the move requirements. This category of travel contains basic and advanced technical training, retraining, professional military education (e.g., Air War, National War and Industrial Colleges, Medical Training, Air Force Institute of Technology) and undergraduate pilot and navigator training. Training requirements for pilots increase from FY 1997 to FY 1999, but are expected to stabilize through FY 2001.

Average rates are based on statistical data, ratios, and percentages extracted from actual PCS training move costs. The number of officer and enlisted training moves times the average rate for each element of expense (e.g., military member, dependent, household goods, etc.) results in the estimated funding required.

The number of moves and fiscal year requirements are shown on the following page.

PROJECT: OPERATIONAL TRAVEL

FY 1999 Actual	\$151,412
FY 2000 Estimate	\$157,509
FY 2001 Estimate	\$153,638

PART I - PURPOSE AND SCOPE

Funds to provide for the PCS movements of:

- (1) Officers and enlisted personnel to and from permanent duty stations located within the United States.
- (2) Officers and enlisted personnel to and from permanent duty stations located within an overseas area when no transoceanic travel is involved.
- (3) Dependents, household goods, personal effects, trailer allowances and privately owned vehicles of officers and enlisted personnel who are interned (including hospitalized or imprisoned), missing, or captured when no transoceanic travel is involved.

PART II - JUSTIFICATION OF FUNDS REQUESTED

The estimate for operational travel covers PCS requirements for operational reassignment of officer and enlisted personnel between both duty stations (1) within the CONUS and (2) within overseas areas when no transoceanic travel is involved. Operational moves are predicated upon the approved Air Force force structure and are necessary to support skill leveling among units, to fill new/unprogrammed requirements, and to accommodate valid humanitarian assignments. The estimates include actions taken by the Air Force to limit operational reassignments and reduce costs to the minimum necessary to carry out the Air Force mission (manning floor, minimum CONUS tour lengths, do-it-yourself move program, maximum use of low-cost moves).

The operational PCS program reflects Air Force's requirement to strengthen its capability and simultaneously decrease the size of the force. We anticipate a gradual decline in operational PCS moves as the Air Force end strength stabilizes and fewer base closures and force structure actions are required. In order to prevent a hollow force, operational requirements increased to fill vacancies which are mission essential.

Average rates are based upon statistical data, ratios, and percentages derived from actual PCS operational move costs. The number of officer and enlisted moves and associated numbers for each element of expense (e.g., military member, dependents, household goods, etc.) times the average rate results in estimate funding required. The number of moves and associated fiscal year requirements are shown on the following page.

PROJECT: ROTATIONAL TRAVEL	FY 1999 Actual	\$456,327
	FY 2000 Estimate	\$483,327
	FY 2001 Estimate	\$475,243

PART I - PURPOSE AND SCOPE

Funds to provide for the PCS movements of:

- (1) Officers and enlisted personnel from permanent duty stations in CONUS, or training of 20 weeks or more duration, to permanent duty stations overseas.
- (2) Officers and enlisted personnel from permanent duty stations overseas to permanent duty stations in CONUS, or training of 20 weeks or more duration.
- (3) Officers and enlisted personnel from permanent duty stations in one overseas area to permanent duty stations in another overseas area when transoceanic travel is involved.

PART II - JUSTIFICATION OF FUNDS REQUESTED

Rotational moves are made in accordance with overseas tour policies approved by the Secretary of Defense. FY 2000 increases are the result of delayed moves from FY 1999 as well as Air Force's continuing restructure and consolidation efforts in overseas locations and theater drawdown actions such as the withdrawal from Panama.

Average rates are based upon statistical data, ratios, and percentages derived from actual PCS rotational moves. The number of officer and enlisted moves and associated numbers for each element of expense (e.g., military member, dependents, household goods, etc.) times the appropriate average rate results in the estimated funding required. The number of moves and associated fiscal year requirements are shown on the following pages.

PROJECT: SEPARATION TRAVEL

FY 1999 Actual	\$114,377
FY 2000 Estimate	\$112,070
FY 2001 Estimate	\$109,704

PART I - PURPOSE AND SCOPE

Funds provide for the PCS movements of:

- (1) Officers and enlisted personnel upon release, normal retirement (excludes TERA retirement), or separation from the Air Force from last permanent duty station to home of record or point of entry into the service or to home of selection when authorized by law.
- (2) Dependents, household goods, trailer allowances and personal effects of officers and enlisted personnel who are deceased.
- (3) Eliminated Air Force Academy cadets to home of record or point of entry into the service.

PART II - JUSTIFICATION OF FUNDS REQUESTED

The estimates for separation travel cover general separations and retirements from the Air Force. The PCS requirements for separation travel are based upon officer, enlisted and cadet losses as reflected in the Air Force personnel programs. Separation travel covers disability separations, honorable separations, enlisted personnel on expiration term of service and normal early releases, retirements, etc. Total estimated separation moves have increased as a result of management actions required to selectively reduce force structure.

Average rates are based on statistical data, ratios, and percentages derived from actual officer, enlisted and cadet separation PCS move costs. The number of separation moves (officer, enlisted and cadets) and associated numbers for each element of expense (e.g., military member, dependents, household goods, etc.) times the appropriate rate for each category results in the estimated funding required.

The number of moves and fiscal year requirements are shown on the following pages. Dollars do not include funding for nontemporary storage since members are entitled to neither temporary lodging expenses nor dislocation allowances.

PROJECT: ORGANIZED UNITS TRAVEL

FY 1999 Actual	\$8,161
FY 2000 Estimate	\$24,070
FY 2001 Estimate	\$6,712

PART I - PURPOSE AND SCOPE

Funds provided for the CONUS or overseas movement of:

- (1) Officer and enlisted personnel directed to move as members of an organized unit movement.
- (2) Officer and enlisted replacements directed to move as part of the unit move.

PART II - JUSTIFICATION OF FUNDS REQUESTED

The estimates for organized unit travel include requirements for relocation of Air force units from both the CONUS and overseas in accordance with published Air Force programs. These moves are required as a result of changes in force reductions, force positioning and the requirement to maintain strategic and tactical integrity of units.

The Air Force estimate of organized unit move requirements is based on the most comprehensive planning data available on the DOD regulation definition of a unit move and on historical program change request data. Anticipated moves are tracked throughout the operating and budget years since mission requirements dictate changes to the initial schedule. The estimated number of moves increase as more force structure actions occur, for example, base closure, unit realignments, public announcements, and internal Air Force restructure. The uncertainty surrounding areas such as the Quadrennial Defense Review plan, competition and privatization, and expeditionary aerospace force, makes this the most volatile category of the PCS budget.

The average rates are based upon statistical data, ratios, and percentages derived from actual PCS organized unit move costs. The number of officer and enlisted organized unit moves and associated numbers for each element of expense (e.g., military member, dependents, household goods, etc.) times the average rates result in the estimated fund requirements. The number of moves and fiscal year requirements are shown on the following pages.

PART I - PURPOSE AND SCOPE

The funds are for payment of interest (Int) on savings deposit amounts of \$5.00 or more for members of temporary duty uniformed services. The interest rate is not to exceed ten percent per year. Under the provisions of P.L. 8-538, August 14, 1966, as amended in FY 1991 by Title 10, United States Code, Section 1035, service members are permitted to deposit unallotted amounts into the savings program. Service members must be on temporary duty assignment outside the United States in support of a contingency operation.

	FY 2000	\$1,506
	FY 2001	\$1,506

PART I - PURPOSE AND SCOPE

Death gratuities are paid to beneficiaries of military personnel who die under certain conditions. The death must have occurred (a) while on active duty or while traveling to or from such duty, (b) during the 120-day period following date of discharge or release, under honorable conditions, from active duty (including retirement for either disability or length of service), or (c) while traveling to or from or while at a place for final acceptance or for entry upon active duty in the military service. The benefits are covered under provisions of 10 U.S.C. 1475-78 as amended by the Bill H.R. 1281, dated March 22, 1991.

PART I - PURPOSE AND SCOPE

Under the provisions of Public Law 99-227, 12 December 1985, allowance for quarters is paid to eligible family members of military members who die in the line of duty. Eligibility is defined as (a) the family member did not occupy government quarters on the date of death, (b) the family member occupied government quarters on a rental basis on the date of military member's death, (c) family member vacated government quarters within 90 days of the military member's death. Allowance for quarters is paid at the rate equivalent to that payable to the member prior to death. Payments terminate 90 days after the date of the member's death.

PROJECT: UNEMPLOYMENT BENEFITS PAID TO EX-SERVICE MEMBERS	FY 1999	\$30,011
	FY 2000	\$29,079
	FY 2001	\$26,010

PART I - PURPOSE AND SCOPE

Funds are for payments of unemployment benefits to eligible ex-service members as prescribed in Section 8521 (a), Paragraph 1 of Title 5, United States Code. Generally, eligibility is defined as at least 365 days of continuous active service in the Armed Forces whereupon the individual is discharged under honorable conditions. The member must complete a first full-term of active service or is discharged before a first-term is completed under an early release program, because of hardship, for medical reasons, or for personality disorders or inaptitude. Additionally, an officer cannot resign for the good of the Air Force and still be eligible for this entitlement.

Prior to FY 1984 the Department of Labor budgeted and paid the individual states for the Federal Government's share of applicable unemployment compensation for ex-servicemen. Beginning in FY 1984, the Department of Defense was required to budget for the costs of regular and extended unemployment benefits. The benefits were payable for 13 weeks after a four-week waiting period. In FY 1991, P.L. 102-164 changed benefits criteria to 26 weeks after a one-week waiting period.

PART II - JUSTIFICATION OF FUNDS REQUESTED

Cost estimates are based on Department of Labor factors derived from projected economic assumptions and Department of Defense historical experience.

Funds are required to pay social security benefits to widows and children of Air Force military personnel who died on active duty or veterans who died from service-related causes. These benefits were withdrawn under Public Law 97-35 but were restored by Section 156 of Public Law 97-377. The Department of Defense was directed to budget for this requirement.

	FY 2001	\$800

PART I - PURPOSE AND SCOPE

The FY 1988/1989 National Defense Authorization Act (Public Law 100-180), Section 638, instructed the Secretary of Defense to establish a program under which members of the Armed Forces may be reimbursed for qualifying child adoption expenses. The initial program was designed to terminate after FY 1992, but was extended by Section 651 of the FY 1992/1993 National Defense Authorization Act.

PART II - JUSTIFICATION OF FUNDS REQUESTED

Funds are required to pay expenses incurred by active service members in the adoption of a child under the age of 18 years. Expenses include public and private agency fees; legal fees; medical expenses for the child, the biological mother, and the adopting parents; temporary foster care; transportation expenses; and other expenses approved by OSD (FM&P).

	FY 2000	\$3,963
	FY 2001	\$4,026

PART I - PURPOSE AND SCOPE

Public Law 101-510 dated November 5, 1990 allows service members who are involuntarily separated to enroll in the Montgomery GI Bill. The FY 1993 National Defense Authorization Act allows members exercising the VSI/SSB options to convert from the Veterans Educational Assistance Program (VEAP) to the Montgomery GI Bill. Most military members who are receiving VSI/SSB entered the service when VEAP was in effect. Beginning in July 1985, the All Volunteer Educational Assistance Program, known as the Montgomery GI Bill, became effective and no new enrollments were accepted into VEAP. The Services are now required to make contributions to the Department of Defense Education Benefits Fund to cover the conversions. Payments into the fund for involuntary separatees were required beginning Fiscal Year 1994 and payments to VSI/SSB recipients began in Fiscal Year 1995. The Board of Actuaries determines the payment amount for each service.

The supplemental salary is the difference between the active duty pay and allowances the member would receive if ordered to active duty and the amount of the member's retired pay.

PROJECT: SPECIAL COMPENSATION PAY	FY 1999	\$0
	FY 2000	\$0
	FY 2001	\$3,100

PART I - PURPOSE AND SCOPE

Section 658 of the FY 2000 National Defense Authorization Act (P.L. 106-65) provided a new element of compensation for certain severely disabled retirees of the Uniformed Services. Payments will be made to military retirees who (1) possess a minimum VA disability rating of at least 70%, (2) receive the minimum disability rating within four years of retirement, (3) retire with a non-disability retirement, and (4) have 20-plus years of service for the purposes of computing retired pay.

PART II - JUSTIFICATION OF FUNDS REQUESTED

Cost estimates are based on a percentage of the Air Force retiree population who receive disability payments. The Department of Veterans Affairs is researching the required records to determine the number of eligible recipients for this benefit and all data is expected to be available by mid-March. Qualified entitlements will be made retroactive to October 1, 1999 and since no funds were appropriated in FY 2000, payments will be made by realigning funds. Although specific cost estimates have not yet been developed, funds have been set aside in FY 2001 based on preliminary estimates of those eligible for this new entitlement.
