**NATIONAL GUARD PERSONNEL, AIR FORCE  
INTRODUCTION**

The Air National Guard's (ANG) mission is to provide trained units to participate in the Expeditionary Air Force. The FY 2014 President's Budget Submission is based on an average strength of 104,840 in FY 2012, 103,710 in FY 2013, and 104,034 in FY 2014, assigned to ANG flying and mission support programs. In addition to annual 15-day tours and 48 drill periods, tours of active duty will provide training for selected ANG personnel. Included in the average strengths are 14,425 full-time active duty ANG personnel in FY 2012, 14,514 in FY 2013, and 14,572 in FY 2014.

This budget request represents the funding required to accomplish the Air National Guard's share of the National Defense mission. With the resources requested, the ANG will provide nearly 34 percent of the total Air Force flying capability, ranging from 90 percent of the domestic air-defense mission to 14 percent of the strategic airlift capability. Further, the ANG will provide significant non-flying mission support capability in areas such as intelligence, surveillance and reconnaissance, combat communications, civil emergency support and border security.

Our budget also reflects a reimbursable program to support the Foreign Military Sales (FMS) program F-16 training for foreign pilots and the National Science Foundation's (NSF) Antarctic mission. Reimbursable average strengths are 677 in FY 2012, 813 in FY 2013, and 692 in FY 2014.

The ANG will continue to support the total Air Force mission as required. As mobilization in support of Overseas Contingency Operations (OCO) continues to decrease, we fully expect participation in Active/Inactive Duty for training to return to pre-9/11 levels to support readiness training. The tremendous manpower changes caused by Base Realignment and Closure (BRAC) and Air Force Total Force Initiatives (TFI) will necessitate congressional support for the ANG's training budgets.

The Consolidated Security, Disaster Assistance, and Continuing Appropriations Act, 2009 (P. L. 110-329) made permanent the consolidated budget structure (single budget activity format) for the Guard and Reserve Components.

## **NATIONAL GUARD PERSONNEL, AIR FORCE INTRODUCTION**

The Ronald W. Reagan National Defense Authorization Act for Fiscal Year 2005 (P.L. 108-375) provided permanent, indefinite appropriations to finance the cost of TRICARE benefits accrued by uniformed service members. Since these costs are actually borne in support of the Department of Defense, they will be shown as part of the DoD discretionary total. The appropriations requested for the military personnel accounts exclude retiree health accrual payments. Total obligations on behalf of military personnel include both the amounts requested for appropriation and amounts paid from the permanent, indefinite authority.

The Air National Guard serves proudly and submits a requirements-based training program. With new emphasis on Homeland Security, the Air National Guard will accept new and increased national defense challenges. We have been very successful in accepting such challenges in the past and can continue to do so with full funding of this request.

**Unexpended Balances Reduction:** The Department is committed to reducing the unexpended/obligated balances occurring annually in the military personnel appropriations. As part of the FY 2007 budget formulation, the military personnel budget estimates were reduced by over \$300 million for historical unexpended/unobligated balances. These reductions were based on the methodology used by the General Accountability Office. The FY 2011 National Guard Personnel, Air Force budget estimates, were reduced by \$4 million as a result. In addition to the funding reductions, the Service Components and Defense Finance and Accounting Service have been directed to work together to:

- develop the lowest, achievable percentage level of unobligated/unexpended balances,
- develop a Financial Improvement Plan with specific tasks that will be performed to reduce the unobligated/unexpended balances
- add the necessary personnel resources to improve execution data collection, and closely monitor, through metrics reporting the progress, to reduce MILPERS appropriation
- unobligated/unexpended balances to the lowest, achievable percentage level by the end of each appropriation's 5 year availability.

The Air National Guard supports active duty missions by deploying Active Guard Reserve (AGR). End strength accountability is determined by comparing Active Guard Reserve AGR data to a Military Personnel Data System file which captures activation data. If a member's record is in both the AGR and activation rosters, member is classified as an AGR supporting Title 10 (T10) activities other than Stat Tour and is still included in AGR end strength for ANG.

Title 32 (T32) orders are not curtailed when an AGR is activated. Within the AGR program and the Air National Guard Orders Writing System (AROWS), an AGR converts to T10 under 10 USC 12301(d) versus changing the AGR order for activation. This provides personnel a seamless transition from T32 to T10 without interruption of benefits and entitlements.

Currently, ANG cannot quantify the historical backfill ratio of AGR members activated in support of non-stat tour T10 activities due to limitations with personnel systems. Recently, ANG began utilizing the Command Man-Day Allocation System (CMAS) to better track backfills. The new system tracks the transitions between T32 and T10 and documents AGR units' support to the validated active duty missions.

**NATIONAL GUARD PERSONNEL, AIR FORCE  
ECONOMIC ASSUMPTIONS**

The following are the economic assumptions employed in pricing the approved programs. Social Security costs are based on a percentage rate set by law on a member's salary for a calendar year. P.L. 98-21, "Social Security Amendment of 198" dated 20 April 1983 established the tax rate while the maximum taxable income is determined by the Social Security Administration. The Old Age, Survivor, and Disability Insurance (OASDI) rate is 6.2% and the Hospital Insurance (HI) is 1.45%. Rate protection still applies to all housing allowances.

The ANG will continue to support the total Air Force mission as required.

## **PROGRAM: MILITARY FORCE MANAGEMENT**

The Department of Defense (DoD) employs nearly 1.4 million active duty and 834,000 Reserve and Guard service members. Ensuring DoD has the personnel it needs in the right place at the right time requires managing a combination of compensation and other tools to assure recruiting and retention success.

Rating: Effective

DoD has been able to meet its personnel needs for the Overseas Contingency Operations (OCO) while maintaining operations in hundreds of other countries by offering challenging work, excellent training, and a competitive compensation package.

Retention of experienced personnel remains well above goal. Retention in all active and reserve components exceeded yearly goals.

The military services have been successful in recruiting and due to this success and the challenging economic environment, the military services are adjusting resources to maintain endstrength and their high-quality military members.

Improvement Plan – DoD is taking the following actions to improve the performance of the program:

Developing additional efficiency measures to determine the impacts of each individual recruiting and retention tool in the Department's "toolkit".

Examining the entire system of compensation initiatives to determine what the correct mix of cash and noncash incentives should be.

**NATIONAL GUARD PERSONNEL, AIR FORCE  
PERFORMANCE MEASURES AND EVALUATION SUMMARY**

Activity: Reserve/Guard Military Personnel

Activity Goal: Maintain the correct Air National Guard Military Personnel to execute the National Strategy

Description of Activity: The Reserve/Guard Military Personnel appropriations provide resources necessary to compensate military personnel required to provide trained units and qualified personnel in the Armed Forces in time of war, or national emergency, and at such other times as the national security requires. The Reserve/Guard also fill the needs of the Armed Forces whenever more units and persons are needed than are in the Active component to achieve the planned mobilization.

	<b>FY 2012 Actual</b>	<b>FY 2013 Planned</b>	<b>FY 2014 Planned</b>
Performance Measures			
Average Strength	104,840	103,710	104,034
End Strength	105,389	101,600	105,400
Authorized End Strength	106,700	101,600 *	

FY 2012: The ANG recruited 10,839 (Officer 1,402 and Enlisted 9,437). The fiscal year end strength was 105,389 personnel. The ANG finished FY12 below programmed end-strength of 106,700 (Officer -1,064 and enlisted -247). Continued adjustments were made throughout the year to target critical fields as well as addressing overall AFSC shortages nationwide. In addition, the Guard continues to target qualified prior service members in an effort to capitalize on accessions of individuals who did not require additional training.

FY 2013: The ANG's recruiting goal is 10,000 (Officer – 1,400 and Enlisted - 8,600). This goal has been established based on the number of officer vacancies along with the enlisted strength at the end of FY 12.

FY 2014: The ANG's estimated recruiting goal is 11,300 (Officer 1,150 and Enlisted 10,150). This goal has been established based on the estimated attrition and critical vacancy analysis for FY14.

**PART I - PURPOSE AND SCOPE**

This budget activity provides for pay and allowances, retired pay accrual, clothing, subsistence, travel, and per diem for Air National Guard officers and enlisted personnel performing tours of paid active duty for formal school training. This program is designed to increase the mobilization potential and readiness of Guardsmen through training at military service schools. This school training improves individual proficiency and cross-trains individuals into critical skill career fields. The length of each course includes the actual period of instruction, travel time as prescribed by appropriate travel regulations, and accrued leave at a rate of 2-1/2 days per month when training is in excess of 30 days.

School tours are programmed and budgeted in seven categories as follows:

- (1) Career Development Training
- (2) Initial Skill Acquisition Training
- (3) Officer Training School
- (4) Refresher and Proficiency Training
- (5) Undergraduate Pilot and Navigator Training
- (6) Unit Conversion Training
- (7) Graduate Flying Training

The following pages present the requirements for each of the seven categories and describe more precisely what is included in each category. The dollar rates used for pricing the program requirements are based on actual experience and reflect the approved economic assumptions identified on page 7.

The pre-deployment phase (from first notification of mobilization until deployment of the mobilized unit) focuses on educating Members, families and affected communities on combat demobilization) consists of reintegration activities at the 30-60-90 day interval after unit demobilization. The focus is on reconnecting members and their families with the service providers (i.e. TRACARE, JAG, Department of Veterans Affairs, etc.) to endure a clear understanding of the entitled benefits. In addition, combat stress and transition and how members and their families can address these issues is also integral to this post-deployment phase.

**PART I - PURPOSE AND SCOPE**

Funds are for payment to the Department of Defense Education Benefits Fund. The program is governed by Title 10 U.S.C., Chapter 106. This program will fund educational benefit payments in their entirety for eligible individuals in the Selected Reserve. This program is budgeted on an actuarial basis. Actual payments to individuals are made by the Veterans Administration from funds transferred from the trust account. Changes in criteria for eligibility caused program increases.

EDUCATIONAL BENEFITS  
DETAIL OF REQUIREMENTS  
(AMOUNTS IN THOUSANDS OF DOLLARS)**

All individuals enlisting, re-enlisting, or extending for not less than six years in the Selected Reserve after 1 July, 1985, except those who have received a commission from a service academy or completed an ROTC scholarship program, are eligible to receive educational assistance unless they are entitled for assistance under Chapter 30 of Title 38 U.S.C. The individuals must also meet initial training and high school diploma or equivalency requirements. Cost estimates are actuarially based and reflect eligibility estimates adjusted by an estimate of ultimate benefit utilization and partially offset by an estimate of interest earned on investments of the Education Benefits Fund. The program will provide funds adequate to allow for one of three levels of assistance. These levels are \$337 per month for full-time educational pursuit, \$252 for three quarter time pursuit and \$167 for half time pursuit. The maximum total benefit that can be paid is \$12,132.

The G.I. Bill is considered a prime recruiting benefit. The Air National Guard foresees the increased competition for quality personnel and increased demand for education benefits among its current and future enlisted populations.

Montgomery GI Bill Kicker: This program provides an added incentive to basic MGIB benefits for members assigned to ANG critical AFSCs. All individuals enlisting, re-enlisting, or extending in an identified SORTS critical AFSC for not less than six years in the Air National Guard after 1 October 1998, except those who have received a commission from a service academy or completed an ROTC scholarship program, are eligible to receive this added incentive to their basic Montgomery GI Bill benefit. Cost estimates are actuarially based and reflect eligibility estimates adjusted by an estimate of ultimate benefit utilization. The program will provide funds adequate to allow for one of three levels of assistance. The levels are full-time, three quarter time, and part-time educational pursuit. The maximum total benefit that can be paid is \$12,600 per person.

Educational Assistance for Reserve Component Members Supporting Contingency Operations and Certain Other Operations (Chapter 1607): The Ronald W. Reagan National Defense Authorization Act for FY 05 introduced enhancements to the Reserve Component educational benefits program as paragraph 1607 of title 10, USC. The added incentives are available to Reserve Component personnel who have been mobilized in support of the Overseas Contingency Operations (OCO) and agree to remain as participating members of the Reserve Components. The basis of the funding is a submission from DOD Board of Actuaries.
