**DEPARTMENT OF THE AIR FORCE**  
**FY 2017 Overseas Contingency Operations Request**  
**Operation and Maintenance, Air Force**  
**SUMMARY OF OPERATIONS**  
**Budget Year (FY 2017)**

**I. Description of Operations Financed**

The mission of the Air Force is to fly, fight and win...in air, space and cyberspace. As an integral partner of the Joint team, the Air Force leverages the domains of air, space and cyberspace to uniquely contribute to Overseas Contingency Operations (OCO). OCO Operation and Maintenance funding supports costs associated with flying hours for multiple aircraft, supplies and materials, transportation costs for equipment and personnel to be shipped into and out of theater, equipment, communications, and other miscellaneous costs to meet world-wide operational requirements. The FY 2017 OCO request identifies \$7.2 Billion in incremental funding required for Operation Freedom's Sentinel (OFS), \$0.1 Billion in support of the Office of Security Cooperation - Iraq (OSC-I), \$1.9 Billion for Operation Inherent Resolve (OIR) and \$0.3 Billion for the European Reassurance Initiative (ERI).

OFS funding supports inter/intra-theater airlift, sustainment and base support/airfield operations. The Air Force continues to provide unparalleled airlift/airdrop and air refueling capability to support national defense. Mobility forces present a vital deployment and sustainment capability for Joint and Coalition forces, globally delivering equipment, personnel and materials essential for missions in the U.S. Central Command (CENTCOM) Area of Responsibility (AOR). OFS funding also delivers critical Command and Control, persistent Intelligence, Surveillance and Reconnaissance (ISR), Personnel Recovery and firepower to U.S. and Coalition forces. Air Force ISR provides timely, fused, and actionable intelligence to the Joint Force from forward-deployed locations and distributed processing centers around the globe. The Air Force continues to rapidly increase ISR capability and capacity to support operations. Air Force fighters and bombers continue to provide precision strike capability to the Combatant Commander providing critical support to ground troops.

OIR funding supports a range of military operations fight against the Islamic State of Iraq and the Levant (ISIL). OIR resources finance the costs for pre-deployment training and operations costs for flying hours to include fuel, supplies and repair parts. It also includes transportation and contract services for maintenance and repair of equipment.

ERI funding supports increased U.S military presence in Europe, additional bilateral and multilateral exercises and training with allies and partners, improved infrastructure to allow for greater responsiveness, enhanced prepositioning of U.S equipment in Europe and intensified efforts to build partner capacity for newer North Atlantic Treaty Organization members and other partners.

This overall OCO request funds: 1) Approximately 213,100 flying hours for the Total Force (Active, Guard, and Reserve) in support of Combatant Command (COCOM)-driven mission sets. This represents an approximate 19,270 flying hour increase from FY 2016 based on the planned increased operations in OIR. 2) Inter- and intra-theater airlift capabilities to transport warfighter personnel and equipment to/from and within the U.S. CENTCOM AOR. As Executive Agent for intra-theater airlift in the CENTCOM AOR, the Air Force is responsible for providing and funding airlift operations supporting the Joint team. The Air Force also provides medical evacuation support to wounded warriors; a critical capability that helps save lives. 3) Operating and Logistics supports various sites where the Air Force has Base Operating Support - Integrator or Senior Airfield Authority responsibilities. This funding supports personnel from all Services at those locations for all aspects of deployed operations including housing, dining facilities, sanitation, utilities, infrastructure requirements, operating/maintaining vehicles and support equipment, as well as Command, Control, Communications and Computers, long haul communications, security, contracts, and reachback capabilities. 4) Depot Purchased Equipment Maintenance and Contractor Logistic Support supports weapon systems participating in Overseas Contingency Operations. Critical capabilities funded in this category include aircraft repairs and engine overhauls for various systems such as B-1, C-17, CV-22, Distributed Common Ground System, E-8, F-15, F-16, KC-10, MQ-1, MQ-9, RC-135, and RQ-4. The Air Force is fully dedicated to supporting the COCOMs to win today's fight and continues its commitment to the current operation in the Middle East Region and Europe.

General Provision 8128, funds have been realigned for fuel savings from base, \$+431 million, to OCO, \$-431 million, to reflect congressional intent for proper execution in FY 2016.

**DEPARTMENT OF THE AIR FORCE  
 FY 2017 Overseas Contingency Operations Request  
 Operation and Maintenance, Air Force  
 SUMMARY OF OPERATIONS  
 Budget Year (FY 2017)**

**II. Force Structure Summary**

The Air Force's force structure in support of Overseas Contingency Operation in FY 2017 will consist of 10,843 Active Duty, 3,427 Air Force Reserve personnel, and 2,673 Air National Guard personnel. The personnel deployment numbers are in work-years. The Air Force also has Base Operating Support - Integrator and Senior Airfield Authority responsibilities for various sites supporting contingency operations in the Area of Responsibility. However, it should be noted that Air Force personnel and assets are located at many additional contingency locations where other Services or host nations may be responsible for providing base operating support. The Air Force will have 286 Active aircraft of various capabilities deployed in support of OFS, OIR and ERI. These aircraft execute daily fighter strikes and sorties, bomber strikes, tanker and cargo sorties using a variety of different weapon systems. In addition, Intelligence, Surveillance, and Reconnaissance assets play a vital role in daily operations.

**Budget Year (FY 2017)**  
**Subactivity Group: Primary Combat Forces**

**I. Description of Operations Financed:**

As a force provider to the U.S. Central Command (CENTCOM) Area of Responsibility (AOR), the primary Combat Forces are the Air Force's front-line fighters and bombers (A-10, B-1, F-15 and F-16) representing the "tip of the global power projection spear." These assets provide a strong capability to counter a wide range of threats to the U.S. and its allies, as well as help assure a viable deterrent posture in the region.

Program funding provides for the continued deployment of Active Duty, Air National Guard and Air Force Reserve personnel to the AOR. This combat program also supports CENTCOM's deployment to the area of operations and, in concert with multi-national forces, post-hostility operations and actions facilitating the transition from war to post-war. This critical program also provides for the force deployment, sustainment and equipping of flying operations for tasked personnel and assets. Overseas Contingency Operations support encompasses personnel travel and transportation, supplies and equipment, and flying hour support directly related to the warfighting assets aligned under this Subactivity Group.

<b>European Reassurance Initiative</b>						
<b>12.</b> CBS Category/Subcategory: 3.2 Operations Tempo	\$70,035	\$125,000	\$-24,500	\$100,500	\$0	\$0

Supports incremental fighter hours beyond the FY 2017 Baseline Program. This initiative funds air superiority capabilities to support increased US European Command assigned missions either by increased rotations in or deferred previously planned force reductions. Requirements provide aircraft spares, aircraft consumable and fuel. Maintaining aerial combat-ready forces for the rapid deployment to the Area of Responsibility (AOR) is an Air Force top priority in demonstrating the Air Force Security commitment to Europe and provides reassurance to the North Atlantic Treaty Organization allies and partners.

Funding decrease properly aligns hours and dollars by platform based on historical execution and Combatant Commander Requirements. The total flying hour requirement is 4,100 hours. Note: Net adjustment in dollars may not always follow in the direction of the hour change due to price and consumption adjustments in the cost per flying hour for fuel, parts and supplies.

**Operation Freedom's Sentinel**

<b>13.</b> CBS Category/Subcategory: 3.2 Operations Tempo	\$538,629	\$1,682,147	\$-1,307,618	\$374,529	\$0	\$0
---	-----------	-------------	--------------	-----------	-----	-----

Programmed funds support incremental fighter, bomber, and helicopter hours beyond the FY 2017 Baseline Program. Flying missions include air interdiction; reconnaissance (finding, tracking and targeting high-value targets); surveillance sorties to monitor insurgent troop movements; and Close Air Support. Requirements provide aircraft spares, aircraft consumable and fuel. Maintaining aerial combat-ready forces for the rapid deployment to the AOR is an Air Force top priority in the commitment to the current operations in the Middle East.

Funds reflect program decrease of \$1,000,000 thousand as a result of the FY 2016 congressional realignment from Title II to Title IX in P.L. 114-113, Consolidated Appropriations Act, 2016, for Primary Combat Forces.

Funds also reflect program increase of \$115,172 thousand to reflect FY 2016 savings due to lower than budgeted fuel costs, in accordance with Section 8128 of the FY 2016 Consolidated Appropriations Act (P.L. 114-113).

Funding decrease of \$192,446 thousand properly aligns hours and dollars by platform based on historical execution and Combatant Commander Requirements. The decrease represents a realignment of hours from Operation Freedom's Sentinel to Operation Inherent Resolve based on historical operations tempo. The total flying hour requirement is 26,150 hours which represents a decrease of 21,350 hours. Note: Net adjustment in dollars may not always follow in the direction of the hour change due to price and consumption adjustments in the cost per flying hour for fuel, parts and supplies.

<b>Operation Inherent Resolve</b>						
<b>14.</b> CBS Category/Subcategory: 3.2 Operations Tempo	\$900,560	\$317,702	\$185,095	\$502,797	\$0	\$0

Program supports incremental fighter, bomber, and reconnaissance hours beyond the FY 2017 Baseline Program as part of the comprehensive strategy to degrade and defeat the Islamic State of Iraq and the Levant (ISIL). Flying missions include air strikes; reconnaissance (finding, tracking and targeting high-value targets); surveillance sorties to monitor insurgent troop movements; and Close Air Support. Requirements provide aircraft spares, aircraft consumables and fuel. Maintaining aerial combat-ready forces for the rapid deployment to the Area of Responsibility is an Air Force top priority in conducting military operations against ISIL in the Middle East region.

Funds reflect a program increase of \$68,871 thousand to reflect FY 2016 savings due to lower than budgeted fuel costs, in accordance with Section 8128 of the FY 2016 Consolidated Appropriations Act (P.L. 114-113).

Additional funding increase of \$116,224 thousand properly aligns hours and dollars by platform based on historical execution and Combatant Commander Requirements. The increase represents a realignment of hours from Operation Freedom's Sentinel to Operation Inherent Resolve based on historical operations tempo. The total flying hour requirement is 36,550 hours. Note: Net adjustment in dollars may not always follow in the direction of the hour change due to price and consumption adjustments in the cost per flying hour for fuel, parts and supplies.

**Operation Freedom's Sentinel**

<b>15.</b> CBS Category/Subcategory: 3.5.3 Flying Operations DPEM	\$0	\$22,559	\$-14,153	\$8,406	\$0	\$0
---	-----	----------	-----------	---------	-----	-----

Funds the incremental cost for primary combat forces sustaining engineering and technical order requirements resulting from continued deployments to austere environments.

The decrease is the result in the reduction of F-16 sustaining engineering and technical orders Overseas Contingency Operations requirements in FY 2017.

**I. Description of Operations Financed:**

Combat Enhancement Forces include electronic warfare and manned destructive suppression assets employed to enhance the effectiveness of other operational weapon systems. This includes systems such as the MQ-1 Predator, MQ-9 Reaper, EC-130H (Compass Call), and related systems. Specific efforts support combat forces and intelligence activities through the Processing, Exploitation, and Dissemination of large volumes of time-sensitive information and data.

	<u>FY 2015 Actual</u>	<u>FY 2016 Total</u>	<u>Delta</u>	<u>FY 2017 Request</u>	<u>FY 2017 Amendment</u>	<u>2017 Total</u>
<b>Operation Freedom's Sentinel</b>						
<b>10.</b> CBS Category/Subcategory: 3.2 Operations Tempo	\$70,501	\$203,993	\$-131,854	\$72,139	\$0	\$72,139

Supports incremental flying hours for Intelligence, Surveillance and Reconnaissance (ISR) Platforms and Combat Rescue and Recovery. ISR support is an essential element in improving our overall aerial strike capability in the Area of Responsibility (AOR) and is an Air Force top priority in the commitment to the current operations in the Middle East.

Funds program increase of \$28,101 thousand to reflect FY 2016 savings due to lower than budgeted fuel costs, in accordance with Section 8128 of the FY 2016 Consolidated Appropriations Act (P.L. 114-113).

Funds also reflect a program decrease of \$110,190 thousand to properly align hours and dollars by platform based on historical execution and Combatant Commander Requirements. The decrease represents a realignment of hours from Operation Freedom's Sentinel (OFS) to Operation Inherent Resolve (OIR) based on historical operations tempo. The total flying hour requirement is 8,950 hours which reflects a decrease of 17,550 hours. Note: Net adjustment in dollars may not always follow in the direction of the hour change due to price and consumption adjustments in the cost per flying hour for fuel, parts and supplies.

**Operation Inherent Resolve**

<b>11.</b> CBS Category/Subcategory: 3.2 Operations Tempo	\$165,521	\$0	\$138,291	\$138,291	\$31,298	\$169,589
---	-----------	-----	-----------	-----------	----------	-----------

Supports incremental flying hours for ISR Platforms and Combat Rescue and Recovery. ISR support is an essential element in improving our overall aerial strike capability in the AOR and is an Air Force top priority in the commitment to the current operations in the Middle East.

Funding increase properly aligns hours and dollars by platform based on historical execution and Combatant Commander Requirements. The increase represents a realignment of hours from OFS to OIR based on historical operations tempo. The total flying hour requirement is 12,250 hours. Note: Net adjustment in dollars may not always follow in the direction of the hour change due to price and consumption adjustments in the cost per flying hour for fuel, parts and supplies.

Amendment supports the President's Force Manning Level for ISIL operations with an increase in offensive flying operations. Air Force is requesting an amendment to support the increase in kinetic flying operations against ISIL forces.

**Operation and Maintenance, Air Force**  
**Budget Activity: Operating Forces**  
**Budget Year (FY 2017)**  
**Subactivity Group: Air Operations Training**

**I. Description of Operations Financed:**

Air Operations Training consists of pre-deployment fighter lead-in training, combat training and advanced tactical training for fighter pilots. Training is specifically geared towards current wartime scenarios aircrew will experience when flying over Afghanistan. Specific efforts support maintenance via contract support of training and aggressor squadron aircraft; training range activities, facilities and equipment; combat simulation training; dissimilar air combat training; ground training munitions; and training deployments and exercises.

**FY 2017 Overseas Contingency Operations Request**  
**Operation and Maintenance, Air Force**  
**Budget Activity: Operating Forces**  
**Budget Year (FY 2017)**  
**Subactivity Group: Depot Maintenance**

**I. Description of Operations Financed:**

Aircraft continuously deployed in support of operations encounter extreme operational demands in harsh environments in the Area of Responsibility (AOR), thus accelerating the need for depot-level repairs to maintain operational capability. Depot Purchased Equipment Maintenance (DPEM) encompasses requirements for organic, contract and inter-service depot-level maintenance purchased from the Depot Maintenance Activity Group. The DPEM program purchases depot maintenance for aircraft, missiles, engines, software, other major end items, exchangeables, area base manufacture and storage for Air Force weapon systems and subsystems. In this Subactivity Group (SAG), DPEM supports the specific efforts of mission readiness for the Air Force's front-line operating weapon systems. These assets, which provide the U.S. with a viable deterrent posture, include fighter and bomber aircraft such as the F-15, F-16, A-10, and B-1; and conventional missiles in support of Overseas Contingency Operations (OCO). The DPEM requirements also include fleet-wide refurbishment of the fighter and bomber aircraft associated with this SAG as a direct result of OCO operations to include Air National Guard assets (i.e. KC-135 and C-5). Air Force depot capacity is sufficient to absorb an increase in DPEM workload requirements associated with OCO and industry partners have capacity to add workload as well. Currently, the depots have sufficient manpower to handle the increase in workload. If additional manpower is needed, the Air Logistics Centers will first use employee overtime. Second, internal manpower realignments may be implemented to efficiently utilize existing manpower. Finally, manpower requirements may be temporarily increased by the use of contract augmentees and government term employees. The Air Force continues its efforts to meet Congressional intent by showing all Budget Activity 01 Contractor Logistics Support (CLS) in SAG 11M. CLS funds contract support for a program, system, training system, equipment or item used to provide all or part of the sustainment elements in direct support of an approved sustainment strategy (i.e. C-17, Distributed Common Ground System, MQ-1, and MQ-9).

<b>European Reassurance Initiative</b>				
1. CBS Category/Subcategory: 3.5.3 Flying Operations DPEM	\$0	\$0	\$25,500	\$25,500

Continuous and on-going mobilization of aircraft into and out of the Area of Responsibility (AOR) accelerates the need for depot-level repairs to maintain aircraft at full operational capabilities. For example, engine overhaul requirements are tied to the hours flown; thus, an increase in hours results in an increase in engine overhaul requirements. Further, aircraft used will require a more intensive aircraft and/or engine overhaul than the typical maintenance program. As a direct result of continuous participation in these contingency operations, Air Force combat aircraft have sustained extensive sand damage due to the harsh desert climates, as well as excessive structural damage beyond intermediate repair capability as a result of intense combat operations, more so than the typical peacetime training activities and environments.

The flying operations Depot Purchased Equipment Maintenance (DPEM) requirements in this Subactivity Group support aircraft Programmed Depot Maintenance (PDM) activities and depot-level exchangeable items supporting the B-1 and F-15 aircraft.

**Operation Freedom's Sentinel**

2. CBS Category/Subcategory: 3.5.3 Flying Operations DPEM	\$1,158,797	\$1,192,765	\$-32,759	\$1,160,006

Continuous and on-going mobilization of aircraft into and out of the AOR accelerates the need for depot-level repairs to maintain aircraft at full operational capabilities. For example, engine overhaul requirements are tied to the hours flown; thus, an increase in hours results in an increase in engine overhaul requirements. Further, aircraft used will require a more intensive aircraft and/or engine overhaul than the typical maintenance program. As a direct result of continuous participation in these contingency operations, Air Force combat aircraft have sustained extensive sand damage due to the harsh desert climates, as well as excessive structural damage beyond intermediate repair capability as a result of intense combat operations, more so than the typical peacetime training activities and environments.

Increase in Depot Maintenance of \$124,000 thousand required for the Department to comply with the Bipartisan Budget Act of 2015. The funding is no longer requested in the Department's FY 2017 Baseline Budget request.

The decreased requirement of \$156,759 thousand supports the aircraft maintenance schedule to sustain aircraft at full operational capabilities. DPEM cost is based on the cost per aircraft inducted into the PDM; the PDM estimate is based on the most current sustainment schedule for the B-1, Air Force F-16, F-15, and Combat Rescue and Recovery aircraft.

**I. Description of Operations Financed:**

The Air Force has Base Operating Support-Integrator and Senior Airfield Authority responsibilities for various sites supporting contingency operations throughout the U.S. Central Command and U.S European Command Area of Responsibility (AOR).

Specific efforts supported focuses on all Air Force combat, combat support, aviation units, security forces, maintenance, Command, Control, Communications, Computers and Intelligence, Surveillance and Reconnaissance facilities in the AOR. Support is executed through the Facilities Sustainment, Restoration and Modernization (FSRM) program. FSRM includes demolition, sustainment, restoration, and modernization projects. FSRM activities ensure installation facilities; utility systems and infrastructure are capable of fully supporting mission requirements. Sustainment is performed through a combination of civilian/military workforce and contracts.

4. CBS Category/Subcategory: 3.0 Operating Support	\$27,843	\$28,900	\$-7,500	\$21,400

This program supports selective improvements mostly to air fields in Eastern and Central Europe. This objective is achieved through a wide variety of infrastructure repair, and minor construction projects. Projects of this nature include extended ramp space, repair runways/taxiways and repair/construct aprons, restore/modernize instrument landing and airfield lighting systems, repair hangar deficiencies, enlarge arm/de-arm pads and alleviate deficient arm/de-arm pads.

Funding decreased due to approval of selective improvements throughout Europe on various types of installations, such as airfields, training centers, and ranges. These steps would expand the military capability in the region, provide for quick dispersal of armed forces, and demonstrate concrete expressions of the support the U.S. is providing to allies and partners.

**Operation and Maintenance, Air Force**  
**Budget Activity: Operating Forces**  
**Budget Year (FY 2017)**  
**Subactivity Group: Base Support**

**I. Description of Operations Financed:**

This Subactivity Group provides funding for essential forward deployed wartime base support functions, engineering and environmental programs in support of Overseas Contingency Operations (OCO). The program sustains mission capability, quality of life, workforce productivity and infrastructure support at contingency locations. The Base Support program provides for both in-house and contractual support for critical mission readiness at installations where the Air Force is the lead component within the Area of Responsibility (AOR). Base Support activities include the following major mission support programs: 1) security forces; 2) airfield and air operations support; 3) support staffs, to include personnel, comptroller, chaplain, judge advocate, public affairs, plans and programs and administration; 4) logistics, to include transportation services, personal property management, equipment maintenance and retail supply services; 5) services, to include food services, fitness centers and recreation services; and 6) emergency services, to include fire protection, aircraft crash rescue, emergency management and explosive ordnance disposal. Each of these programs provide for wartime readiness gear, personal protective gear (Individual Body Armor/Advanced Combat Efforts), equipment/vehicle maintenance, equipment and supplies, data processing, furnishing management and base materiel support. Funding of these critical activities ensures installations can fully support Joint Forces prosecuting wartime operations in support of OCO.

This program also supports Facilities Operations, providing the engineering operations, engineering services and real property management required to accomplish such installation support activities as grounds maintenance, insect control and utilities. In addition, this program includes Communications activities, which provides essential operational and sustainment support for the AOR network, to include the network control center, information assurance security, telephone switches and local/long-distance toll charges, the base fiber and copper cable infrastructure (towers, repeaters and base stations), internal building communications wiring and routing equipment.

**I. Description of Operations Financed:**

Global Command, Control, Communication, Intelligence (C3I) & Early Warning includes resources that provide Strategic Offensive C3I, Strategic Defensive C3I and Air Force-wide communications in support of Operation Freedom's Sentinel. Strategic Offensive C3I and Computer (C4I) assets comprise the media through which interconnected airborne and ground-based command centers execute commands for offensive strikes against opposing threats. This capability relies on systems that are fast, accurate, reliable, secure and resistant to destruction and disruption and tailored to the needs of the National Command Authority, U.S. Strategic Command and operational commanders. Tactical Satellite Communications (AN/PRC-117 radio system) for cruise missile support operations provide real time collaboration and dynamic mission planning capabilities to Combatant Commanders for prosecution of time sensitive targets in direct support of the Overseas Contingency Operations. Additionally, the satellite adds critical operational capabilities to employment of the Tomahawk Land Attack Missile (TLAM) by providing communications needed for real world direct TLAM targeting. Recent improvements in tactical satellite communications provides enhanced capability as a strike weapon in support of emergent targets, such as the terrorist cells of Al Qaeda and Taliban in remote areas of Afghanistan.

4. CBS Category/Subcategory: 3.0 Operating Support	\$96,501	\$29,344	\$0	\$29,344

This program provides for supplies/support equipment for use by the Space, Command/Control (C2) and Communications personnel directly supporting Overseas Contingency Operations (OCO). Funding sustains the Air Force's requirement for maintenance support of the military satellite communication ground terminals, dedicated circuits over the Area of Responsibility, and satellite communications. Warfighters depend on the critical 24/7 data source supporting OCO. The terminals provide assured worldwide, secure, anti-jam, survivable communications for the National Command Authority, Combatant Commanders, and operational commanders for C2 execution.

**I. Description of Operations Financed:**

Program supports deployments and the sustainment/continuous refurbishment of supplies and equipment expended during deployments to the U.S. Central Command Area of Responsibility (AOR) for Operation Freedom's Sentinel. The program provides critical personnel security training; force protection equipment; hazardous material emergency response training and equipment (i.e., Chemical Biological Radiation and Nuclear Defense program); and deployment gear (uniforms, boots and related items) to the deployed Active Duty, Air National Guard and Air Force Reserve forces in the AOR. In addition, this Subactivity Group provides civilian temporary hires backfilling deployed Airmen to support increased worldwide installation entry control, commercial vehicle inspections, and visitor control support.

--	-------	-----	----------	----------	-----	----------

Funding includes costs for supplies and equipment in support of contingency operation.

"Funds realigned to proper Subactivity Group to support deterrence exercises as part of the European Reassurance Initiative execution plan.

**Operation Freedom's Sentinel**

8. CBS Category/Subcategory: 3.0 Operating Support	\$99,086	\$118,207	\$0	\$118,207	\$0	\$118,207
--	----------	-----------	-----	-----------	-----	-----------

This program provides supplies/support equipment for logistic kits, a Contingency Response Wing, security forces personnel, Chemical Biological Response Teams and communications personnel directly supporting Overseas Contingency Operations.

Constant funding provides continued sustainment to support the force structure and personnel levels in FY 2017.

**DEPARTMENT OF THE AIR FORCE  
 FY 2017 Overseas Contingency Operations Request  
 Operation and Maintenance, Air Force  
 Budget Activity: Operating Forces  
 Budget Year (FY 2017)  
 Subactivity Group: Space Control Systems**

**I. Description of Operations Financed:**

Space Control Systems play a vital role in supporting Overseas Contingency Operations as a key conduit of Intelligence, Surveillance and Reconnaissance data collection. Space Control Systems include the Air Force Satellite Control Network (AFSCN) and the Space and Missile Test and Evaluation Center. AFSCN supports operational satellites and provides the global network of control centers, remote tracking stations, antennas and communications links required to operate national security satellites, both operational and research and development. In addition, the sustainment effort provides software and hardware maintenance, engineering and on-site operations to support Air Force Space Command and the Program Office support.

**Operation and Maintenance, Air Force**  
**Budget Activity: Operating Forces**  
**Budget Year (FY 2017)**  
**Subactivity Group: Combatant Commands Direct Mission Support**

**I. Description of Operations Financed:**

Funding in this Subactivity Group supports the Combatant Commands' (COCOM) direct mission support missions to provide for the functional combatant capability and geographic worldwide mobility of United States (U.S.) forces. This funding is critical to defending the homeland and deterring foreign adversaries by executing the National Security Strategy and National Military Strategy of the U.S.

Direct mission funding supports the various geographic and functional missions assigned to the COCOMs. The Air Force is the COCOM Support Agent (CCSA) for U.S. Northern Command/North American Aerospace Defense Command, U.S. Strategic Command, U.S. Central Command, U.S. Transportation Command, and U.S. Special Operations Command. As the CCSA, the Air Force is responsible for funding the COCOM's mission areas such as Theater Security Cooperation, Combating Weapons of Mass Destruction, Integrated Air Defense of U.S. air space, and associated planning and exercises to ensure combat readiness.

U.S. Strategic Command (STRATCOM) provides global deterrence capabilities and synchronized DoD effects to combat adversary weapons of mass destruction worldwide. STRATCOM enables decisive global kinetic and non-kinetic combat effects through the application and advocacy of integrated intelligence, surveillance and reconnaissance; space and global strike operations; information operations; integrated missile defense and robust command and control. The command coordinates the planning, employment and operation of DoD strategic assets and combines all operations, intelligence, and global command and control operations to conduct Combat and Information Operations, Intelligence, Logistics, Joint Exercises and Training. Additionally, STRATCOM directs the operation and defense of the Global Information Grid to assure timely and secure net-centric capabilities across strategic, operational, and tactical boundaries in support of DoD's full spectrum of warfighting and intelligence missions.

U.S. Central Command (CENTCOM) is the unified command responsible for the U.S. security interests in 20 nations stretching from the Arabian Gulf region, to the Western portions of the Indian Ocean, and into Central Asia. The region comprises an area larger than the continental United States. CENTCOM maintains a significant forward presence in the Area of Responsibility consisting of combat forces from all four services. CENTCOM is responsible for all U.S. military engagement activities, planning, and operations. Additionally, CENTCOM is responsible for peacetime engagement planning and program execution for the five countries in the Central Asian Region: Turkmenistan, Uzbekistan, Kazakhstan, Kyrgyzstan, and Tajikistan.

U.S. Transportation Command (TRANSCOM) provides air, land, and sea transportation for the DoD, in times of both peace and war. The command coordinates personnel and transportation assets to ensure the U.S. is able to project and sustain forces, whenever, wherever, and for as long as they are needed. Through its three component Service commands, TRANSCOM coordinates worldwide missions using military and commercial transportation resources. In coordination with the Department of Transportation, TRANSCOM ensures the nation's rail and highway infrastructure can support defense emergencies. TRANSCOM provides refueling capabilities; efficient sea transportation, surge air and sea lift to move unit equipment from the U.S. to theaters of operation worldwide. TRANSCOM is also responsible for planning crisis response actions, traffic management, terminal operations, integrated transportation systems and deployable engineering.

U.S. Special Operations Command (SOCOM) supports geographic COCOMs, ambassadors and their country teams, and other government agencies by preparing and providing fully capable Special Operations Forces (SOF). These forces successfully conduct special operations including civil affairs and psychological operations to defend the U.S. and its interests during peace and war. SOCOM plans and synchronizes operations against terrorist networks and fosters interagency cooperation. SOCOM also develops joint SOF tactics, techniques, and procedures.

**Operation and Maintenance, Air Force**  
**Budget Activity: Mobilization**  
**Budget Year (FY 2017)**  
**Subactivity Group: Airlift Operations**

**I. Description of Operations Financed:**

Airlift Operations support strategic/tactical airlift and air refueling to, from and within the U.S. Central Command Area of Responsibility (AOR) in support of Overseas Contingency Operations (OCO). Airlift operations include C-17 and C-5 strategic airlift; C-130 tactical airlift; KC-10 and KC-135 strategic air refueling; operational support airlift; and VIP special airlift missions. The Air Force, through Air Mobility Command, is the Department of Defense's manager and executive agent for airlift services. These services comprise multiple categories. Intra-theater Airlift is airlift within an AOR. Inter-theater Airlift is rotation to and from an AOR, including missions to and from staging areas. Commercial Tenders (intra-theater and inter-theater) are the commercial transportation of cargo when military aircraft are unavailable. Aeromedical Evacuation transports patients within and from an AOR using C-17, C-130 and KC-135 aircraft (aeromedical evacuation includes Integrated Continental United States Medical Operations Plans; Special Assignment Airlift Missions; and regularly scheduled airlift missions). Efforts supported within this program encompass movement of personnel, cargo and fuel to meet time, place or mission-sensitive wartime requirements. Specific commodities underpinning the Airlift Operations OCO mission includes, flying hours, and support of personnel, supplies and equipment.

	<u>FY 2015</u> <u>Actual</u>	<u>FY 2016</u> <u>Total</u>	<u>Delta</u>	<u>FY 2017</u> <u>Request</u>	<u>FY2017</u> <u>Amendment</u>	<u>2017</u> <u>Total</u>
<b>Operation Freedom's Sentinel</b>						
9. CBS Category/Subcategory: 3.2 Operations Tempo	\$375,990	\$1,240,750	\$-792,123	\$448,627	\$0	\$448,627

Programmed funding supports incremental Overseas Contingency Operations (OCO) mobility hours provides aircraft spares, aircraft consumables and fuel. Flying missions include air refueling operations, air drop, cargo transport, and forward re-supply operations. Rapid global mobility lies at the heart of the United States strategy to project forces in support of OCO.

Funds reflect program decrease of \$500,000 thousand as a result of the FY 2016 congressional realignment from Title II to Title IX in P.L. 114-113, Consolidated Appropriations Act, 2016, for Airlift Operations.

The additional funding increase of \$219,082 thousand to reflect FY 2016 savings due to lower than budgeted fuel costs, in accordance with Section 8128 of the FY 2016 Consolidated Appropriations Act (P.L. 114-113).

The additional funding decrease of \$511,205 thousand properly aligns hours and dollars by platform based on historical execution and Combatant Commander Requirements. The decrease represents a realignment of hours from Operation Freedom's Sentinel (OFS) to Operation Inherent Resolve (OIR) based on historical operations tempo. The total flying hour requirement is 57,300 hours which represents a decrease of 62,530 hours. Note: Net adjustment in dollars may not always follow in the direction of the hour change due to price and consumption adjustments in the cost per flying hour for fuel, parts and supplies.

**Operation Inherent Resolve**

10. CBS Category/Subcategory: 3.2 Operations Tempo	\$689,151	\$354,200	\$335,359	\$689,559	\$-168,000	\$521,559
--	-----------	-----------	-----------	-----------	------------	-----------

This supports incremental Overseas Contingency Operations (OCO) mobility hours provides aircraft spares, aircraft consumables and fuel. Flying missions include air refueling operations, air drop, cargo transport, and forward re-supply operations. Rapid global mobility lies at the heart of the United States strategy to project forces in support of OCO.

The decrease reflects a shift of Mobility Air Forces (MAF) operational requirements to offensive operations against ISIL. This shifts resources to Combat Air Forces (CAF) and Intelligence, Surveillance, and Reconnaissance (ISR) operations to support increased demand in theater necessary to combat increased Islamic State of Iraq and Levant (ISIL) operations.

11. CBS Category/Subcategory: 4.0 Transportation	\$143	\$0	\$0	\$0	\$0	\$0

Similar to FY 2016, the Air Force is not requesting funding in this Cost Breakdown Structure.

**Operation Freedom's Sentinel**

12. CBS Category/Subcategory: 4.0 Transportation	\$1,031,238	\$1,471,391	\$-45,128	\$1,426,263	\$0	\$1,426,263
--	-------------	-------------	-----------	-------------	-----	-------------

Airlift supports the transport of warfighting personnel and equipment to/from and inside the Area of Responsibility (AOR). This program funds transportation requirements directly supporting the deployment/mobilization of Active Duty, Air National Guard and Air Force Reserve personnel. Intra-theater airlift, a key force protection enabler, continues to remove trucks of hostile roads, protecting personnel and equipment from the threat of improvised explosive devices. It also includes the transport of Mine Resistant Ambush Protected vehicles and other wheeled/tracked vehicles. Aeromedical Evacuation transports patients within and from the AOR using C-17, C-130 and KC-135 aircraft. Fluctuations from year to year are dependent upon the number of hours flown and the mission rates associated with each aircraft.

**Operation Inherent Resolve**

13. CBS Category/Subcategory: 4.0 Transportation	\$151,960	\$128,524	\$0	\$128,524	\$0	\$128,524
--	-----------	-----------	-----	-----------	-----	-----------

Funds include transportation of personnel, equipment, and material by air.

Constant funding sustains airlift support to personnel forward deployed to the Middle East to provide training, advice, and assistance to partner security forces engaged in the fight against the Islamic State of Iraq and the Levant.

**I. Description of Operations Financed:**

Mobilization Preparedness supports Combatant Commander's mobility operations associated with Operation Freedom's Sentinel with the capability to initiate and sustain contingency operations and wartime requirements through prepositioning War Readiness Materiel. This program supports specific efforts related to combat/support forces through the Basic Expeditionary Airfield Resource packages and Chemical, Biological, Radiological, Nuclear, and Explosive requirements.

**DEPARTMENT OF THE AIR FORCE  
 FY 2017 Overseas Contingency Operations Request  
 Operation and Maintenance, Air Force  
 Budget Activity: Mobilization  
 Budget Year (FY 2017)  
 Subactivity Group: Depot Maintenance**

**I. Description of Operations Financed:**

Aircraft continuously deployed in support of operations encounter extreme operational demands in harsh environments in the Area of Responsibility (AOR), thus accelerating the need for depot-level repairs to maintain operational capability. Depot Purchased Equipment Maintenance (DPEM) encompasses requirements for organic, contract and inter-service depot-level maintenance purchased from the Depot Maintenance Activity Group. The DPEM program purchases depot maintenance for aircraft, missiles, engines, software, other major end items, exchangeables, area base manufacture and storage for Air Force weapon systems and subsystems.

In this Subactivity Group (SAG), DPEM supports the readiness of the Air Force's mobilization, deployment, airlift and air refueling forces. These assets include the C-5, C-130, and KC-135 aircraft, and provide the U.S. with the capability of meeting the nation's mobility needs in support of Overseas Contingency Operations (OCO). The DPEM requirements also include fleet-wide refurbishment of mobility aircraft associated with this SAG as a direct result of OCO operations to include Air National Guard assets.

Air Force depot capacity is sufficient to absorb an increase in DPEM workload requirements associated with OCO and our industry partners have capacity to add workload as well. Currently, the depots have sufficient manpower to handle the increase in workload. If additional manpower is needed, the Air Logistics Centers will first use employee overtime. Second, internal manpower realignments may be implemented to efficiently utilize existing manpower. Finally, manpower requirements may be temporarily increased by the use of contract augmentees and government term employees.

The Air Force continues its efforts to meet Congressional intent by showing all Budget Activity 02 Contractor Logistics Support (CLS) in SAG 21M. CLS funds contract support for a program, system, training system, equipment or item used to provide all or part of the sustainment elements in direct support of an approved sustainment strategy. The CLS requirements include fleet-wide refurbishment of mobility and air refueling aircraft associated with this SAG as a direct result of OCO operations (i.e. C-17 and KC-10).

**A. Subactivity Group**

	<b>FY 2015 <u>Actual</u></b>	<b>FY 2016 <u>Total</u></b>	<b><u>Delta</u></b>	<b>FY 2017 <u>Total</u></b>
<b>Operation Freedom's Sentinel</b>				
1. CBS Category/Subcategory: 3.5.3 Flying Operations DPEM	\$397,176	\$1,011,059	\$-119,957	\$891,102

Continuous and on-going mobilization of aircraft into and out of the AOR accelerates the need for depot-level repairs to maintain aircraft at full operational capabilities. For example, engine overhaul requirements are tied to the hours flown; thus, an increase in hours results in an increase in engine overhaul requirements. Further, aircraft used will require a more intensive aircraft and/or engine overhaul than the typical maintenance program. As a direct result of continuous participation in these contingency operations, Air Force combat aircraft have sustained extensive sand damage due to the harsh desert climates, as well as excessive structural damage beyond intermediate repair capability as a result of intense combat operations, more so than the typical peacetime training activities and environments.

Funds reflect program decrease of \$500,000 thousand as a result of the FY 2016 congressional realignment from Title II to Title IX in P.L. 114-113, Consolidated Appropriations Act, 2016, for the Depot Maintenance program.

The increased funds requirement of \$380,043 thousand supports the aircraft maintenance schedule to sustain aircraft at full operational capabilities. The Depot Purchased Equipment Maintenance (DPEM) cost is based on the cost per aircraft inducted into Programmed Depot Maintenance (PDM); the PDM estimate is based on the most current sustainment schedule. Requirements in this Subactivity Group include the Contractor Logistics Support activities for the KC-10 aircraft, as well as, depot-level engine overhauls and other rigorous depot-level maintenance, engineering support and inspections impacting mobility aircraft.

 Operation and Maintenance, Air Force  
 Budget Activity: Mobilization  
 Budget Year (FY 2017)**

**Subactivity Group: Facilities Sustainment and Restoration/Modernization and Demolition Programs**

**I. Description of Operations Financed:**

Mobility Operations Facilities Sustainment, Restoration and Modernization (FSRM) include demolition, sustainment, restoration, and modernization projects. FSRM activities ensure installation facilities; utility systems and infrastructure are capable of fully supporting mission requirements. Sustainment is performed through a combination of civilian/military workforce and contracts. Funding in this Subactivity Group provides for multiple facility and airfield projects in support of troop movement and cargo for Operation Freedom's Sentinel.

This Subactivity Group is not requesting any funding for FY 2017.

**Operation and Maintenance, Air Force**  
**Budget Activity: Mobilization**  
**Budget Year (FY 2017)**  
**Subactivity Group: Base Support**

**I. Description of Operations Financed:**

This Subactivity Group provides funding for essential forward deployed wartime base support functions, engineering and environmental programs in support of the Overseas Contingency Operations (OCO). The program sustains mission capability, quality of life, workforce productivity and infrastructure support at contingency locations.

The Base Support program provides for both in-house and contractual support for critical mission readiness at installations where the Air Force is the lead component within the Area of Responsibility (AOR). Base Support activities include the following major mission support programs: 1) security forces; 2) airfield and air operations support; 3) support staffs, to include personnel, comptroller, chaplain, judge advocate, public affairs, plans and programs and administration; 4) logistics, to include transportation services, personal property management, equipment maintenance and retail supply services; 5) services, to include food services, fitness centers and recreation services; and 6) emergency services, to include fire protection, aircraft crash rescue, emergency management and explosive ordnance disposal. Each of these programs provide for the deployment of Air Force Major Commands (MAJCOM) personnel, wartime readiness gear, personal protective gear (Individual Body Armor/Advanced Combat Efforts), equipment/vehicle maintenance, equipment and supplies, data processing, furnishing management and base materiel support. Funding of these critical activities ensures installations can fully support MAJCOM's personnel prosecuting wartime operations in support of OCO missions.

This program also supports Facilities Operations, providing the engineering operations, engineering services and real property management required to accomplish such installation support activities as grounds maintenance, insect control and utilities. In addition, this program includes communications activities, which provides essential operational and sustainment support for the AOR network, to include the network control center, information assurance security, telephone switches and local/long-distance toll charges, the base fiber and copper cable infrastructure (towers, repeaters and base stations), internal building communications wiring and routing equipment.

**I. Description of Operations Financed:**

Operations support three of the four officer accession training programs within the Air Force. The majority of the funding supports the United States Air Force Academy to include direct mission support for cadets, preparatory school students, and faculty. The Officer Training School and Airmen Education and Commissioning Program are located at Maxwell AFB, AL and are managed by Air University and the Jeanne M. Holm Officer Accessions and Citizen Development Center. Operations finance deployment costs associated with personnel assigned to this Subactivity Group. Members include instructors and other support personnel who will deploy in support of their primary Air Force specialty, and other backfill personnel (civilian overtime/overhires).

 Budget Activity: Training and Recruiting  
 Budget Year (FY 2017)  
 Subactivity Group: Recruit Training**

**I. Description of Operations Financed:**

This program supports recruiting and basic military training that transforms civilian recruits into disciplined, dedicated, physically fit Airmen ready to serve in the United States Air Force. Operations financed include support for the 737th Training Group located at Lackland AFB, TX. The 737th Training Group provides basic military training for all Air Force enlisted recruits including Active Duty, Air National Guard, and Air Force Reserve. Currently, recruits receive eight and a half weeks of training in preparation for military duty. Operations finance deployment costs associated with personnel assigned to this Subactivity Group. Members include instructors and other support personnel who will deploy in support of their primary Air Force specialty.

This Subactivity Group is not requesting any funding for FY 2017.

**I. Description of Operations Financed:**

Air Force Reserve Officer Training Corps (ROTC) is the largest source of new officer accessions for the Air Force and the primary source for technical Air Force Specialty Codes. The ROTC mission is to recruit, educate, train, motivate, select and commission officer candidates through a comprehensive college program. This mission is primarily achieved through funding college tuition, textbooks and summer training programs. Operations finance deployment costs associated with personnel assigned to this Subactivity Group (SAG). Members include instructors and other support personnel who will deploy in support of their primary Air Force specialty, and other backfill personnel (civilian overtime/overhires).

This Subactivity Group is not requesting any funding for FY2017.

**Subactivity Group: Facilities Sustainment and Restoration/Modernization and Demolition Programs**

**I. Description of Operations Financed:**

Accession Training Facility Sustainment, Restoration and Modernization (FSRM) include demolition, sustainment, restoration, and modernization projects. FSRM activities ensure installation facilities; utility systems and infrastructure are capable of fully supporting mission requirements. Sustainment is performed through a combination of civilian/military workforce and contracts. Funding in this Subactivity Group supports various operating bases and additional minor installations for Air Education and Training Command in order to train Airmen for deployment to Operation FREEDOM SENTINEL (OFS).

This Subactivity Group is not requesting any funding for FY2017.

**Subactivity Group: Base Support**

**I. Description of Operations Financed:**

This Subactivity Group provides funding for essential forward deployed wartime base support functions, engineering and environmental programs in support of the Overseas Contingency Operations (OCO). The program sustains mission capability, quality of life, workforce productivity and infrastructure support at contingency locations. The Base Support program provides for both in-house and contractual support for critical mission readiness at installations where the Air Force is the lead component within the Area of Responsibility (AOR). Base Support activities include the following major mission support programs: 1) security forces; 2) airfield and air operations support; 3) support staffs, to include personnel, comptroller, chaplain, judge advocate, public affairs, plans and programs and administration; 4) logistics, to include procurement, transportation services, personal property management, equipment maintenance and retail supply services; 5) services, to include food services, fitness centers and recreation services; and 6) emergency services, to include fire protection, aircraft crash rescue, emergency management and explosive ordnance disposal. Each of these programs provide for wartime readiness gear, personal protective gear (Individual Body Armor/Advanced Combat Efforts), equipment/vehicle maintenance, equipment and supplies, data processing, furnishing management and base materiel support. Funding of these critical activities ensures installations can fully support Joint Forces prosecuting wartime operations in support of OCO.

This program also supports Facilities Operations, providing the engineering operations, engineering services and real property management required to accomplish such installation support activities as grounds maintenance, insect control and utilities. In addition, this program includes communications activities, which provides essential operational and sustainment support for the AOR network, to include the network control center, information assurance security, telephone switches and local/long-distance toll charges, the base fiber and copper cable infrastructure (towers, repeaters and base stations), internal building communications wiring and routing equipment.

<b>Operation Freedom's Sentinel</b>				
1. CBS Category/Subcategory: 1.0 Civilian Personnel	\$1,993	\$0	\$1,340	\$1,340

Funds incremental pay and allowance to support Department of Defense civilian temporary hires fulfilling the home station security role of airmen deployed for Overseas Contingency Operations.

Funds realigned to proper Subactivity Groups based on civilian temporary hire program requirements for known contingency projections.

2. CBS Category/Subcategory: 2.0 Personnel Support	\$6,234	\$0	\$17,400	\$17,400
--	---------	-----	----------	----------

Funds temporary duty deployment personal protective gear (Individual Body Armor/Advanced Combat Efforts), medical services, supplies, equipment, and other personnel support costs. These costs are based on projected mobilization requirements of Active Duty, Air National Guard (ANG) and Air Force Reserve (AFR) personnel to the United States Central Command (CENTCOM) Area of Responsibility (AOR).

The funds increase is the result of an effort to properly program and execute funding that supports multiple career fields across the Air Force in order to meet readiness and deployment requirements.

**Operation Freedom's Sentinel**

5. CBS Category/Subcategory: 3.0 Operating Support	\$1,783	\$0	\$34,000	\$34,000
--	---------	-----	----------	----------

Funds support requirements encompassing sustainment of the AOR sites where the Air Force exercises Base Operating Support (BOS) control. BOS covers virtually all functions of a stateside base in a forward deployed location to include base sustainment, security, communications, supply, air traffic control, contractor support, troop housing, food services, fuel depots, vehicle maintenance and services related Morale, Welfare, and Recreation (MWR) activities.

Although personnel strength varies based on mission needs and rotation schedules, these facilities annually support approximately 16,943 Active Duty, ANG and AFR. Additionally, funds support power production throughout the AOR and Air Traffic control and landing system commercialization in Afghanistan. The air traffic control sectors are contract supported. Additionally, funds ensure critical communication infrastructure is maintained and upgraded to support Combatant Commander requirements. These systems include switchboards, Defense Switch Network DSN service, circuit upgrades and servers.

The funds increase is the result of an effort to properly program and execute funding that supports multiple career fields across the Air Force in order to meet readiness and deployment requirements.

**I. Description of Operations Financed:**

This program provides critical specialized skill training in support of the forces deployed to the U.S. Central Command's Area of Responsibility (AOR) for Contingency Operations. The specialized training includes the Basic Combat Convoy Course, which teaches Airmen to drive medium tractor-trailer supply trucks and gun trucks in support of Army convoy operations in Afghanistan. The program also funds deployment gear (uniforms, boots and related gear), medical services, supplies, equipment, and other personnel support items based on projected mobilization requirements of the Active Duty, Air National Guard and Air Force Reserve personnel to the AOR in support of Operation Freedom's Sentinel.

**I. Description of Operations Financed:**

This Subactivity Group supports members assigned to Air Education and Training Command. It provides funds for members deploying to the U.S. Central Command (CENTCOM) Area of Responsibility (AOR) for Operation FREEDOM SENTINEL (OFS). The members deploying include: Pilots, Fire Fighters, Security Forces and other support personnel. The program also funds deployment gear (uniforms, boots, and related gear), medical services, supplies, equipment, and other personnel support items based on projected mobilization requirements of the Active Duty, Air National Guard (ANG) and Air Force Reserve (AFR) personnel to the AOR in support of OFS.

This Subactivity Group is not requesting any funding for FY2017.

**I. Description of Operations Financed:**

This program provides for critical specialized skills training to support members deploying to the U.S. Central Command (CENTCOM) Area of Responsibility (AOR) for Operation FREEDOM SENTINEL (OFS). The Professional Development Education Subactivity Group includes members assigned to units within Headquarters Air Education and Training Command who deploy in support of the Overseas Contingency Operations. The personnel deploying are from all Air Force career fields. Funding supports deployment gear (uniforms, boots, and related gear), medical services, supplies, equipment, and other personnel support costs based on projected mobilization requirements of the Active Duty, Air National Guard (ANG) and Air Force Reserve (AFR) personnel to the AOR in support of OFS.

This Subactivity Group is not requesting any funding for FY2017.

**Subactivity Group: Recruiting and Advertising**

**I. Description of Operations Financed:**

Recruiting operations provide officer and enlisted (non-prior and prior service) personnel with the required quantity, quality, and skills needed to fulfill Air Force manpower requirements. Advertising supports the following programs: Enlisted Accessions, Air Force Academy, Reserve Officer Training Corps, Officer Training, Physician, Nurse, Dentist, Bioenvironmental Sciences Corps, Attorneys, Chaplains, and Specialized Recruiting needs (hard-to-fill skills). Advertising and event marketing campaigns support both current and long range accession objectives by building and maintaining public support for the role the Air Force plays in national defense and the value it brings to the nation and by generating sales leads for the recruiting force. Advertising and event marketing campaigns are based on Air Force recruiting needs, available funding, and the most effective media mix that supports 11 Active Duty recruiting programs. Operations finance deployment costs associated with personnel assigned to this Subactivity Group. Members include recruiters, advertisers and other support personnel who will deploy in support of their primary Air Force specialty.

This Subactivity Group is not requesting any funding for FY2017.

**Operation and Maintenance, Air Force**  
**Budget Activity: Administration and Servicewide Activities**  
**Budget Year (FY 2017)**  
**Subactivity Group: Logistics Operations**

**I. Description of Operations Financed:**

Logistics Operations funds Overseas Contingency Operations readiness requirements in support of Air Force Materiel Command's (AFMC) Air Logistics Centers, product centers, headquarters, Air Force acquisition program executive offices and several field operating agencies. AFMC repairs war-related items such as support vehicles and equipment, pallets and nets, munitions, and battlefield communications systems for Major Commands and Reserve components. Resources provide supplies, equipment, contractual services, oil analysis, vehicles, common support equipment and exchangeable components. An example would include theater laboratory equipment, which offers deployed warfighters a means to quality control critical fuels and gases in harsh operating environments. Funding supports the maintenance and sustainment of Air Force-wide logistics information systems. Program funding also supports Air Force-wide commodity technical orders associated with weapon system engines and support equipment.

2. CBS Category/Subcategory: 2.0 Personnel Support	\$444	\$0	\$0	\$0
Similar to FY 2016, the Air Force is not requesting any funding for this Cost Breakdown Structure.				
3. CBS Category/Subcategory: 3.0 Operating Support	\$10,449	\$16	\$0	\$16
Funds programmed to repair war-related items such as vehicles, support equipment, pallets/nets, as well as Readiness Spares kits for warfighters Air Force-wide.				
Constant funding provides sustainment to support the force structure and personnel levels in FY 2017.				
4. CBS Category/Subcategory: 4.0 Transportation	\$123,889	\$286,700	\$-200,000	\$86,700
Programmed funds support the transport of war-fighting personnel and equipment to and from the Area of Responsibility (AOR). This program funds second destination transportation requirements directly supporting the deployment/mobilization of Active Duty, Air National Guard and Air Force Reserve personnel. Funding request includes requirements driven by demand for intra-theater airlift requirements as the Air Force supports Army, Navy, and U.S. Marine troop and equipment movement within the AOR.				
Funds reflect program decrease of \$200,000 thousand as a result of the FY 2016 congressional realignment from Title II to Title IX in P.L. 114-113, Consolidated Appropriations Act, 2016, for Logistics Operations.

**Subactivity Group: Technical Support Activities**

**I. Description of Operations Financed:**

This Subactivity Group funds the technical support of Acquisition and Command Support (ACS) activities associated with the Air Force Materiel Command and Air Force Space Command product centers. Personnel within this program have unique technical backgrounds and are frequently tasked to deploy. Funding within the program supports travel, transportation, contractual services, supplies and equipment requirements. In support of Overseas Contingency Operations, personnel from the ACS support their primary technical skill career field. The career fields include but are not limited to maintenance, aviators, engineers, comptroller, acquisition and logisticians.

This Subactivity Group is not requesting any funding for FY 2017.

**Operation and Maintenance, Air Force**  
**Budget Activity: Administration and Servicewide Activities**  
**Budget Year (FY 2017)**  
**Subactivity Group: Depot Maintenance**

**I. Description of Operations Financed:**

Aircraft continuously deployed in support of operations encounter extreme operational demands in harsh environments in the Area of Responsibility (AOR), thus accelerating the need for depot-level repairs to maintain operational capability. Depot Purchased Equipment Maintenance (DPEM) encompasses requirements for organic, contract and inter-service depot-level maintenance purchased from the Depot Maintenance Activity Group (DMAG). The DPEM program purchases depot maintenance for aircraft, missiles, engines, software, other major end items (OMEI), exchangeables, area base manufacture and storage for Air Force weapon systems and subsystems.

In this Subactivity Group (SAG), DPEM supports the specific efforts of mission readiness for the Air Force's front-line operating weapon systems. Automated test systems are needed to provide the U.S. with a viable deterrent posture in support of Overseas Contingency Operations (OCO) operations.

Adjustments to Meet Congressional Intent required the movement of all Contractor Logistics Support (CLS) from SAGs 41A into SAG 41M. CLS funds contract support for a program, system, training system, equipment or item used to provide all or part of the sustainment elements in direct support of an approved sustainment strategy. CLS supports high frequency radio systems and Air Force Program Executive Office acquisition and command support for overseas contingency operations.

Subactivity Group: Facilities Sustainment and Restoration/Modernization and Demolition Programs

**I. Description of Operations Financed:**

Logistics Operations Facilities Sustainment, Restoration and Modernization (FSRM) program includes demolition, sustainment, restoration and modernization projects. FSRM activities ensure installation facilities; utility systems and infrastructure are capable of fully supporting mission requirements. Sustainment is performed through a civilian/military workforce and contracts. These funds support sustainment of the Office of Security Cooperation - Iraq (OSC-I) facilities.

This Subactivity Group is not requesting any funding for FY2017.

**Subactivity Group: Base Support**

**I. Description of Operations Financed:**

This Subactivity Group provides funding for essential forward deployed wartime base support functions, engineering and environmental programs in support of the Overseas Contingency Operations (OCO). The program sustains mission capability, quality of life, workforce productivity and infrastructure support at contingency locations.

The Base Support program provides for both in-house and contractual support for critical mission readiness at installations where the Air Force is the lead component within the Area of Responsibility (AOR). Base Support activities include the following major mission support programs: 1) security forces; 2) airfield and air operations support; 3) support staffs, to include personnel, comptroller, chaplain, judge advocate, public affairs, plans and programs and administration; 4) logistics, to include transportation services, personal property management, equipment maintenance and retail supply services; 5) services, to include food services, fitness centers and recreation services; and 6) emergency services, to include fire protection, aircraft crash rescue, emergency management and explosive ordnance disposal. Each of these programs provide for the deployment of Air Force Materiel Command (AFMC) troops, wartime readiness gear, personal protective gear, equipment/vehicle maintenance, equipment and supplies, data processing, furnishing management, and base materiel support. Funding of these critical activities ensures installations can fully support AFMC personnel deploying to wartime operations in support of OCO.

This program also supports Facilities Operations, providing the engineering operations, engineering services and real property management required to accomplish such installation support activities as grounds maintenance, insect control and utilities. In addition, this program includes Communications activities, which provides essential operational and sustainment support for the AOR network, to include the network control center, information assurance security, telephone switches and local/long-distance toll charges, the base fiber and copper cable infrastructure (towers, repeaters and base stations), internal building communications wiring and routing equipment.

**Operation and Maintenance, Air Force**  
**Budget Activity: Administration and Servicewide Activities**  
**Budget Year (FY 2017)**  
**Subactivity Group: Administration**

**I. Description of Operations Financed:**

This Subactivity Group includes funding for the Air Force Crisis Action Team and Air Force Combat Operations Center. These organizations provide senior leadership with real-time global information regarding Air Force Overseas Contingency Operations (OCO). In addition, this program funds incremental costs of increased critical investigative services in high threat areas and deployed locations, maintenance and sustainment of worldwide intelligence communications systems that are used to pass Top Secret/Sensitive Compartmented Information between the counter intelligence field activities, and the travel and transportation of personnel to and from the Area of Responsibility in support of OCO.

This Subactivity Group is not requesting any funding for FY 2017.

**Subactivity Group: Servicewide Communications**

**I. Description of Operations Financed:**

Air Force Servicewide Communications provide reliable and secure communications to combat forces around the globe providing direct support to Overseas Contingency Operations. This program provides for essential communication services via robust Global Command, Control, Communication, Computer, and Intelligence systems at contingency forward operating locations around the globe.

Specific areas of effort supported in this area include combat, support and intelligence forces throughout the Area of Responsibility. Combat forces are supported through the Defense Information Systems Network access for voice, data and video. Additional services provided include unclassified and classified electronic mail and rapid message delivery across the Air Force. In addition, an effective and robust information assurance program defends against attacks from terrorists and hackers. The key to all of these efforts is the continuous sustainment and overall operational readiness of critical systems and programs responsible for protecting and encrypting Air Force wartime communications.

2. CBS Category/Subcategory: 3.0 Operating Support	\$153,121	\$147,048	\$18,300	\$165,348
Funding is required to ensure warfighters are adequately equipped and trained to support contingency operation deployments through various Command, Control, Communications, Computers and Intelligence systems such as: Defense Switched Network, a worldwide telephone network that has multi-level precedence and preemption capabilities, utilized by the command and control users to ensure highest-priority calls achieve connection quickly, especially during a crisis situation and Defense Red Switch Network to provide secure voice services.				
Funding increase aligns funds to support execution and program requirements for purchased communications user services.
