#### I. Description of Operations Financed:

The Air National Guard Operation and Maintenance appropriation for Overseas Contingency Operations (OCO) includes funds for Weapon System Sustainment and Base Operations Support. It also includes funding for transportation, per diem costs, and equipment and supplies for the Yellow Ribbon Reintegration and Strong Bonds programs.

FY 2020 Overseas Contingency Operations funding can be separated into the following categories:

OCO for Enduring Requirements (\$176,909): OCO for Enduring Requirements are enduring in-theater and in-CONUS costs that will likely remain after combat operations cease, and have previously been funded in OCO.

OCO for Base Requirements (\$3,115,073): OCO for Base Requirements is OCO funding for base budget requirements in support of the National Defense Strategy. The Budget requests these funds in OCO to comply with the base budget defense caps included in the Budget Control Act of 2011.

Overseas Contingency Operations funding is used for the following programs:

- a. <u>ANG Yellow Ribbon Reintegration Program</u>: Yellow Ribbon is congressionally mandated in accordance with Section 582 of Public Law 110-181, 28 Jan 08. Yellow Ribbon is a national combat veteran reintegration program to provide National Guard and Reserve members and their families with sufficient information, services, referral and proactive outreach opportunities through the entire deployment cycle. The pre-deployment phase focuses on educating members, families, and affected communities on the impacts of combat mobilization. The post-deployment phase consists of reintegration activities at 30-60-90 day intervals after unit demobilization. The post-deployment phase focuses on reconnecting members and their families with the service providers (i.e.: medical, legal, Department of Veteran Affairs) to ensure a clear understanding of the benefits they are entitled to receive. In addition, the post-deployment phase helps the entire military family understand combat stress and the challenges of transitioning back to garrison life.
- b. <u>Strong Bonds Program</u>: Strong Bonds is a preventative, skills-based program in the ANG designed to address reintegration and resiliency. Strong Bonds is mandated by both Air Force Instruction (AFI) 10-403 and Yellow Ribbon program direction for relationship enhancement training. Strong Bonds is Chaplain-led and event-driven. Participants are couples, families, and singles.
- c. <u>Weapon System Sustainment</u>: Depot Maintenance and Contracted Logistics Support funds provides for the maintenance and repair of ANG assets that include aircraft, engines and electronic and communications equipment.

Contractor Logistics Support, Sustaining Engineering and Technical Order requirements support the readiness of the Air Force's front line operating weapon systems.

d. <u>Base Operations</u>: Provides funding for installation support functions, engineering and environmental programs in support of Air National Guard facilities and personnel. The program sustains mission capability, quality of life, workforce productivity and infrastructure support and supports security guard operations at Air National Guard (ANG) flying unit and associate unit locations; Information Technology (IT) services; environmental compliance, conservation, and pollution prevention requirements; command support; supply and transportation logistics; family services; and facility operations.

FY 2020 Overseas Contingency Operations Request Operations and Maintenance, Air National Guard Budget Activity: Operating Forces Budget Year (FY 2020)

**Subactivity Group: Depot Purchase Equipment Maintenance** 

#### I. Description of Operations Financed:

This subactivity group provides funds for depot level maintenance and repair performed on aircraft, engines, vehicles, and other major items of equipment. Includes all work associated with the repair, corrosion control, reclamation, assembly and disassembly, inspection testing and supplies and equipment procured to support the maintenance of Air National Guard assets. Depot maintenance is required to repair, overhaul and upgrade ANG weapon systems and equipment to enable the ANG to be capable of conducting independent operations in accordance with wartime taskings. This estimate provides funds for depot maintenance, including corrective maintenance of aircraft, equipment accessories, and electronic communications equipment.

#### **II. Force Structure Summary:**

Depot Maintenance and Contracted Logistics Support funds provides for the maintenance and repair of ANG assets that include aircraft, engines and electronic and communications equipment.

FY 2020 Overseas Contingency Operations Request Operations and Maintenance, Air National Guard Budget Activity: Operating Forces Budget Year (FY 2020)

**Subactivity Group: Contractor Logistics Support and System Support** 

#### I. Description of Operations Financed:

This sub-activity Contractor Logistics Support includes funding required for contract support to include depot level maintenance. Sustaining Engineering covers funding required for engineering efforts to review, assess, define, and resolve technical or supportability deficiencies revealed in fielded weapon systems. The Air Force enhances the management and programming for Total Force sustainment requirements by reviewing sustainment requirements at the enterprise level. This concept, Weapon System Sustainment (WSS), includes Depot Purchased Equipment Maintenance (DPEM), Contractor Logistics Support (CLS), Sustaining Engineering (SE) and Technical Orders (TO) commodities.

#### **II. Force Structure Summary:**

In this Sub-activity Group, Contractor Logistics Support, Sustaining Engineering and Technical Order requirements support the readiness of the Air Force's front line operating weapon systems. Weapon Systems Sustainment also maintains the reliability of aircraft that are used to search for, locate and recover military personnel and civilians anywhere in the world.

# DEPARTMENT OF THE AIR FORCE FY 2020 Overseas Contingency Operations Request Operations and Maintenance, Air National Guard Budget Activity: Operating Forces Budget Year (FY 2020) Subactivity Group: Base Support

#### I. Description of Operations Financed:

This sub-activity group provides funding for installation support functions, engineering and environmental programs in support of Air National Guard facilities and personnel. The program sustains mission capability, quality of life, workforce productivity and infrastructure support and supports security guard operations at Air National Guard (ANG) flying unit and associate unit locations; Information Technology (IT) services; environmental compliance, conservation, and pollution prevention requirements; command support; supply and transportation logistics; family services; and facility operations.

It also includes funds for mission support of overseas contingency operations to include military technicians who carry on the day-to-day training, maintenance, and administration of the Air National Guard. Funding includes transportation and per diem costs; equipment and supplies for the Yellow Ribbon Reintegration Program.

#### **II. Force Structure Summary:**

This estimate provides the funding for manpower authorizations and associated costs for: security guard agreements which provide physical security and services for Government owned facilities, equipment and material; facility OM agreements which include cost sharing with the States for utilities, service contracts, airport joint use, crash/fire/rescue services, custodial services, refuse collection, snow removal, grounds services and other real property support; environmental activities and projects which use end-of-pipe treatment or disposal methods to attain compliance with federal, state and local environmental laws and regulations; environmental impact analysis processes to support decision making; environmental projects that protect and enhance our natural resources, employ source reduction and minimize pollutants; logistic support activities; and people programs to include family services and assault prevention.

Yellow Ribbon is congressionally mandated in accordance with Section 582 of Public Law 110-181, 28 Jan 08. Yellow Ribbon is a national combat veteran reintegration program to provide National Guard and Reserve members and their families with sufficient information, services, referral and proactive outreach opportunities through the entire deployment cycle. The pre-deployment phase focuses on educating members, families, and affected communities on the impacts of combat mobilization. The post-deployment phase consists of reintegration activities at the 30-60-90 day intervals after unit demobilization. The post-deployment phase focuses on reconnecting members and their families with the service providers (i.e.: medical, legal, Department of Veteran Affairs) to ensure a clear understanding of the benefits they are entitled to receive. In addition, the post-deployment phase helps the entire military family understand combat stress and the challenges of transitioning back to garrison life.
