I. Exhibit BC-01 Base Realignment and Closure (BRAC) Service Overview

FY 2022 BASE REALIGNMENT AND CLOSURE DATA AIR FORCE OVERVIEW

Schedule: The Air Force implemented all BRAC rounds as described in the Defense Base Closure and Realignment Commission reports to the President. This FY 2022 budget submission provides the costs and savings of implementing all closures and realignment actions and environmental restoration at the remaining BRAC properties through FY 2022. The Air Force continues to clean up properties to support property disposal as quickly as available resources allow, and to align cleanup resources with reuse schedules, as well as commitments that protect human health and the environment.

Mission Impact: Planned actions will have no adverse impact on the missions of affected organizations.

Environmental Considerations: The majority of the budget request in FY 2022 is for environmental restoration, including response actions for emerging chemical Per-and Polyfluoroalkyl Substances (PFAS). The program focuses on protecting human health and the environment through execution of projects that result in transferring acreage and achieving goals for remedy in place/response complete. In addition to achieving program goals and objectives, these projects must provide beneficial reuse of property and meet legally enforceable requirements.

The total Air Force FY 2022 budget request for BRAC is \$104.2 million.

II. Exhibit BC-04 Continuing BRAC Environmental Restoration and Caretaker Costs

**Base Realignment and Closure Account
Financial Summary - Overview
Environmental and Caretaker Costs by Fiscal Year
(Dollars in Millions)**

BRAC Continuing Environmental and Caretaker Costs:

<u>AIR FORCE</u>	<u>FY 2020*</u>	<u>FY 2021**</u>	<u>FY 2022</u>
Environmental	92.308	170.713	100.936
Operation and Maintenance	17.762	3.509	3.280
Total Obligation Authority	110.070	174.222	104.216
Land Sales / Prior Year Financing	0	0	0
Budget Authority	110.070	174.222	104.216

* The FY 2020 reported amounts on the total program BC-04 include both Total Obligation Authority (TOA) allocated for FY 2020 and unobligated prior-year funding that was available and executed during FY 2020.

** The FY 2021 listed amounts on the total program BC-04 include \$65.0M appropriated by Congress above the FY 2021 President's Budget request for Air Force BRAC funding.

2005 Commission
FY 2022 Package Description**

U.S. Air Force/Galena Forward Operating Location (FOL), Alaska

Closure Package: Galena Forward Operating Location was closed 30 September 2008.

Post Implementation Costs:

Environmental: \$9.282 million. Environmental contamination at the installation has resulted from fire training areas, dumps near industrial operations, landfills, and surface spills. Funding will be used for utility payments, groundwater treatment and performance monitoring, operations of soil vapor extraction systems and soil vapor monitoring, treatment of petroleum contaminated soil, preparation of documentation to achieve response complete and site closure, and land-use control inspections. Funding will also be used for a Remedial Investigation to address emerging chemicals Per- and Polyfluoroalkyl Substances (PFAS) based on increasing regulatory interest, potential risk to human health and the environment, and evolving regulations.

Operation and Maintenance: N/A.

**Base Realignment and Closure Data
2005 Commission
FY 2022 Package Description**

U.S. Air Force/Kulis Air National Guard Base, Alaska

Closure Package: Kulis Air National Guard Base was closed 1 August 2011. The lease of the 129 acre base was terminated in October 2011 and all previous environmental cleanup actions were completed by the Air National Guard.

Post Implementation Costs:

Environmental: \$0.312 million. Funding will be used for a Remedial Investigation to address emerging chemicals Per-and Polyfluoroalkyl Substances (PFAS) based on increasing regulatory interest, potential risk to human health and the environment, and evolving regulations. These emerging chemicals affect sites that were potential Aqueous Film Forming Foam (AFFF) areas such as storage areas, handling areas, and usage/release areas.

Operation and Maintenance: N/A.

Closure Package: Williams Air Force Base was closed 30 September 1993. The 82nd Flying Training Wing was inactivated and the Aircrew Training Research facility was moved to Orlando, Florida.

Post Implementation Costs:

Environmental: \$3.256 million. Environmental contamination at the installation has resulted from underground storage tanks, fire training areas, dumps near industrial operations, landfills, and surface spills. Funding will be used for land use control monitoring, long-term monitoring, remedial design, remedial action, construction, and operations and maintenance of injections, for Trichloroethylene (TCE) contamination. Funding will also be used for a remedial investigation to delineate the nature and extent of emerging chemicals Per- and Polyfluoroalkyl Substances (PFAS) based on increasing regulatory interest, potential risk to human health and the environment, and evolving regulations, as well as a Remedial Investigation at a Military Munitions Response Program Site.

Operation and Maintenance: N/A.

U.S. Air Force/Eaker Air Force Base, Arkansas

Closure Package: Eaker Air Force Base was closed 15 December 1992. The assigned B-52 aircraft were retired, and the assigned KC-135 aircraft were transferred to other Active Duty or Reserve Component Units.

Post Implementation Costs:

Environmental: \$1.388 million. Environmental contamination at the installation has resulted from fire training areas, dumps near industrial operations, landfills, and surface spills. Funding will be used for preparation of documentation and implementation of remedial actions to achieve remedy in place, construction and operations of groundwater treatment system, groundwater performance monitoring, treatment of petroleum contaminated soil, and long term monitoring of landfills. Funding will also be used for a Remedial Investigation at a Military Munitions Response Program Site.

Operation and Maintenance: N/A.

FY 2022 Package Description**

U.S. Air Force/Castle Air Force Base, California

Closure Package: Castle Air Force Base was closed 30 September 1995. The 93rd Bombardment Wing was inactivated. The bomber and tanker combat crew training missions were redirected to Barksdale AFB, Louisiana (B-52) and Altus AFB, Oklahoma (KC-135).

Post Implementation Costs:

Environmental: \$3.184 million. Environmental contamination at the installation has resulted from fire training areas, dumps near industrial operations, landfills, and surface spills. Funding will be used for monitoring of groundwater and a pump and treat system to ensure contaminants remain at appropriate levels that allow for unlimited use and unrestricted exposure. Funding will also be used for a remedial investigation to delineate the nature and extent of emerging chemicals Per-and Polyfluoroalkyl Substances (PFAS) at current treatment systems.

Operation and Maintenance: N/A.

FY 2022 Package Description**

U.S. Air Force/George Air Force Base, California

Closure Package: George Air Force Base was closed 15 December 1992. The 35th Tactical Training Wing and the 37th Tactical Fighter Wing moved to Mountain Home AFB, Idaho. To accommodate the 35th and 37th, part of the 366th Tactical Fighter Wing moved from Mountain Home AFB, Idaho to Cannon AFB, New Mexico. The 27th Tactical Air Support Squadron relocated to Davis-Monthan AFB, Arizona. To accommodate the 27th, the 41st Electronic Combat Squadron moved from Davis-Monthan AFB, Arizona to Bergstrom AFB, Texas.

Post Implementation Costs:

Environmental: \$3.883 million. Environmental contamination at the installation has resulted from underground storage tanks, fire training areas, dumps near industrial operations, landfills, and surface spills. Funding will be used for removal and closure of a 2,500 gallon underground storage tank, operations and maintenance of soil vapor extraction system, a focused soil vapor site investigation, groundwater performance monitoring, landfill cap monitoring and maintenance, munitions clearance, and enforcement of land-use controls. Funding will also be used for a remedial investigation to delineate the nature and extent of emerging chemicals Per- and Polyfluoroalkyl Substances (PFAS) based on increased regulatory interest, potential risk to human health and the environment, and evolving regulations.

Operation and Maintenance: N/A.

1993 Commission
FY 2022 Package Description**

U.S. Air Force/March Air Force Base, California

Closure Package: March Air Force Base was closed 31 March 1996. The 22nd Air Refueling Wing was inactivated at March. The KC-10 (Active and Associate) aircraft relocated to Travis AFB, California. The Southwest Air Defense Sector Consolidation Study was completed and the mission moved to McChord AFB, Washington. The 445th Airlift Wing Air Force Reserve (AFRES), 452nd Air Refueling Wing (AFRES), 163rd Reconnaissance Group Air National Guard (ANG) (became an Air Refueling Group), the Air Force Audit Agency, the Media Center and the ANG Air Defense Alert mission remained. The base converted to a reserve base. Additionally, the Army Corps of Engineers, the US Customs Aviation Operation Center West, and the Drug Enforcement Agency aviation units remained at March Air Reserve Station (ARS).

Post Implementation Costs:

Environmental: \$2.921 million. Environmental contamination at the installation has resulted from fire training areas, dumps near industrial operations, landfills, and surface spills. Funding will be used to continue groundwater and landfill gas monitoring, operations and maintenance of landfill caps, implementation of remedies, and base-wide utilities and fees for Air Force's portion of environmental costs for operation of a treatment system. Funding will also be used to support an Environmental Services Cooperation Agreement (ESCA) with the public water purveyor, Eastern Municipal Water District, to operate and maintain the groundwater treatment systems for one municipal well, and for the with the remedial investigation to address Per- and Polyfluoroalkyl Substances (PFAS) based on increasing regulatory interest, potential risk to human health and the environment, and evolving regulations.

Operation and Maintenance: N/A.

FY 2022 Package Description**

U.S. Air Force/Mather Air Force Base, California

Closure Package: Mather Air Force Base was closed 30 September 1993. The 323rd Flying Training Wing relocated to Beale AFB, California. The 940th Air Refueling Group temporarily relocated to McClellan AFB, California, with final bed-down at Beale AFB, California.

Post Implementation Costs:

Environmental: \$5.577 million. Environmental contamination at the installation has resulted from dumps near industrial operations, landfills, and surface spills. Funding will be used for operations and maintenance of groundwater treatment system, groundwater performance monitoring, landfill cap monitoring and maintenance, operations and maintenance of soil vapor extraction system, and land-use control inspections. Funding will also be used for treatment system operation, influent and effluent monitoring of existing pump and treat systems, and for the remedial investigation to address emerging chemical Per- and Polyfluoroalkyl Substances (PFAS) based on the increasing regulatory interest, potential risk to human health and the environment, and evolving requirements.

Operation and Maintenance: N/A.

1995 Commission
FY 2022 Package Description**

U.S. Air Force/McClellan Air Force Base, California

Closure Package: McClellan Air Force Base was closed 13 July 2001. The Air Logistics Center was realigned and the Defense Distribution Depot, Sacramento was disestablished. The workloads were consolidated at other Department of Defense depots or at private sector commercial activities as determined by the Defense Depot Maintenance Council.

Post Implementation Costs:

Environmental: \$22.906 million. Environmental contamination at the installation has resulted from fire training areas, dumps near industrial operations, landfills, and surface spills. Funding will be used to excavate soils to meet the cleanup levels for remaining non-radioactive contamination, radiation safety measures and a radiological final status survey, operations and maintenance of groundwater treatment and soil vapor extraction systems, and landfill monitoring of the Consolidated Unit that contains excavated radioactive contaminated soil. Funding will also be used for a remedial investigation to delineate the nature and extent of emerging chemicals Per- and Polyfluoroalkyl Substances (PFAS) based on increased regulatory interest, potential risk to human health and the environment, and evolving regulations.

Operation and Maintenance: N/A.

FY 2022 Package Description**

U.S. Air Force/Norton Air Force Base, California

Closure Package: Norton Air Force Base was closed 31 March 1994. The 63rd Military Airlift Wing and the 445th Military Airlift Wing (AFRES moved to March AFB, California. The Air Force Inspection and Safety Center moved to Kirtland AFB, New Mexico, to be consolidated with the Nuclear Safety and Inspection Center. The Air Force Audit Agency moved to March AFB, California. The Ballistic Missile Office remained at the former Norton AFB location.

Post Implementation Costs:

Environmental: \$1.044 million. Environmental contamination at the installation has resulted from underground storage tanks, fire training areas, dumps near industrial operations, landfills, and surface spills. Funding will be used for habitat restoration following the excavation of lead contaminated soil, landfill cap monitoring and maintenance, operations of landfill gas extraction system, land-use control inspections, and support for five-year reviews to evaluate effectiveness of current remedial systems to achieve site closure.

Operation and Maintenance: N/A.

1993 Commission
FY 2022 Package Description**

U.S. Air Force/Homestead Air Force Base, Florida

Closure Package: Homestead Air Force Base was realigned 31 March 1994. The 31st Fighter Wing was deactivated with the F-16s temporarily assigned to Moody AFB, Georgia and Shaw AFB, South Carolina. The Inter-American Air Forces Academy was relocated to Lackland AFB, Texas. The Air Force Water Survival School was relocated to Tyndall AFB, Florida. The 726th Air Control Squadron relocated to Mountain Home AFB, Idaho. The 482nd Rescue Squadron (AFRES) and the North American Air Defense alert activity remain in cantonment areas.

Post Implementation Costs:

Environmental: \$0.378 million. Environmental contamination at the installation has resulted from fire training areas, dumps near industrial operations, landfills, and surface spills. Funding will be used for long-term monitoring, land-use control inspections, and support for five-year reviews to ensure remedy protectiveness.

Operation and Maintenance: N/A.

1988 Commission
FY 2022 Package Description**

U.S. Air Force/Chanute Air Force Base, Illinois

Closure Package: Chanute Air Force Base was closed 30 September 1993. The Air Force's 16 metals technology, non-destructive inspection, and aircraft structural maintenance training courses consolidated with the Navy at Naval Air Station (NAS Memphis, Tennessee and then moved with the Navy to NAS Pensacola, Florida.

Post Implementation Costs:

Environmental: \$1.633 million. Environmental contamination at the installation has resulted from fire training areas, landfills, and surface spills. Funding will be used for landfill monitoring and maintenance, removal of asbestos containing steam vaults, investigations and removal of contaminated soil, remedial investigations of 1,4-Dioxane, and monitoring of land-use controls. Funding will also be used for a remedial investigation to delineate the nature and extent of emerging chemicals Per- and Polyfluoroalkyl Substances (PFAS) based on increasing regulatory interest, potential risk to human health and the environment, and evolving regulations.

Operation and Maintenance: N/A.

1991 Commission
FY 2022 Package Description**

U.S. Air Force/Loring Air Force Base, Maine

Closure Package: Loring Air Force Base was closed 30 September 1994. Its assigned B-52 aircraft were transferred to K.I. Sawyer AFB, Michigan and its KC-135 aircraft were dispersed to Active Duty and Air Reserve Component Units.

Post Implementation Costs:

Environmental: \$2.396 million. Environmental contamination at the installation has resulted from underground storage tanks, fire training areas, dumps near industrial operations, landfills, and surface spills. Funding will be used for excavation of contaminated soil, sub-slab vapor mitigation operations and maintenance, groundwater monitoring, land use control monitoring, and preparation of documentation to achieve site closure. Funding will also be used for a remedial investigation to delineate the nature and extent of emerging chemicals Per- and Polyfluoroalkyl Substances (PFAS) based on increasing regulatory interest, potential risk to human health and the environment, and evolving regulations.

Operation and Maintenance: N/A.

**Base Realignment and Closure Data
1993 Commission
FY 2022 Package Description**

U.S. Air Force/K.I. Sawyer Air Force Base, Michigan

Closure Package: K.I. Sawyer Air Force Base was closed 30 September 1995. The 410th Wing was inactivated and the B-52H aircraft transferred to Barksdale AFB, Louisiana. The Air Force retired its B-52G aircraft instead of implementing the previous Base Closure Commission recommendation to transfer those aircraft from Castle AFB, California to K.I. Sawyer AFB.

Post Implementation Costs:

Environmental: \$1.530 million. Environmental contamination at the installation has resulted from fire training areas, dumps near industrial operations, landfills, and surface spills. Funding will be used for groundwater monitoring, land-use control inspections, preparation of documentation for site closure, operations and maintenance of remedial systems, and support for five-year reviews to evaluate effectiveness of remedial systems. Funding will be used for response action for emerging chemical Per-and Polyfluoroalkyl Substances (PFAS) at home treatment system based on Michigan regulations. Funding will also be used for a remedial investigation to delineate the nature and extent of emerging PFAS based on increasing regulatory interest, potential risk to human health and the environment, and evolving regulations.

Operation and Maintenance: N/A.

**Base Realignment and Closure Data
1991 Commission
FY 2022 Package Description**

U.S. Air Force/Wurtsmith Air Force Base, Michigan

Closure Package: Wurtsmith Air Force Base was closed 30 June 1993. The 379th Bombardment Wing was inactivated, and its assigned B-52G aircraft were retired. Its assigned KC-135 aircraft were transferred to the Air Reserve Component.

Post Implementation Costs:

Environmental: \$7.664 million. Environmental contamination at the installation has resulted from underground storage tanks, fire training areas, dumps near industrial operations, landfills, and surface spills. Funding will be used for base-wide long-term monitoring, operations of treatment systems, land-use control monitoring, and post-closure confirmation sampling. Funding will also be used for response action for emerging chemical Per- and Polyfluoroalkyl Substances (PFAS) at current treatment systems, and to begin remedial investigations to delineate the nature and extent of PFAS contamination based on increasing regulatory interest, potential risk to human health and the environment, and evolving Michigan regulations. These emerging chemicals affect sites that were fire training areas and potential Aqueous Film Forming Foam (AFFF) areas such as storage areas, handling areas, and usage/release areas. Funding will also be used for a remedial investigation at a Military Munitions Response Program Site.

Operation and Maintenance: N/A.

**Base Realignment and Closure Data
1988 Commission
FY 2022 Package Description**

U.S. Air Force/Pease Air Force Base, New Hampshire

Closure Package: Pease Air Force Base was closed 31 March 1991. Pease's FB-111 aircraft were transferred to Tactical Air Command. The 509th Air Refueling Squadron's KC-135 aircraft were transferred to other Strategic Air Command KC-135 units. The 132nd Air Refueling Squadron (ANG) KC-135 aircraft assigned to Pease remained within its cantonment area.

Post Implementation Costs:

Environmental: \$6.572 million. Environmental contamination at the installation has resulted from underground storage tanks, fire training areas, dumps near industrial operations, landfills, and surface spills. Funding will be used for compliance with the Environmental Protection Agency (EPA) and New Hampshire Department of Environmental Services, preparation of documentation and remedial actions to achieve site closure/response complete/optimized exit strategy, long-term monitoring of landfills, and inspection of land-use controls. Funding will also be used to begin remedial investigations to delineate the nature and extent of emerging chemical Per-and Polyfluoroalkyl Substances (PFAS), and for groundwater and drinking water treatment systems operations and maintenance to address PFAS contamination at Airfield, Site 8, and the Haven Public Supply Well based on New Hampshire regulations, EPA Administrative Order, and agreement with the City of Portsmouth.

Operation and Maintenance: N/A.

1993 Commission
FY 2022 Package Description**

U.S. Air Force/Griffiss Air Force Base, New York

Closure Package: Griffiss Air Force Base was closed 30 September 1995. The 416th Bomb Wing was inactivated and the B-52H aircraft transferred to Minot AFB, North Dakota and Barksdale AFB, Louisiana. The KC-135 aircraft from Griffiss AFB transferred to Grand Forks AFB, North Dakota. The 485th Engineering Installation Group at Griffiss AFB was inactivated. The Northeast Air Defense Sector remains at Griffiss AFB and its existing facilities remain as a stand-alone Air Force laboratory.

Post Implementation Costs:

Environmental: \$2.256 million. Environmental contamination at the installation has resulted from fire training areas, dumps near industrial operations, landfills, and surface spills. Funding will be used for land use control inspections, long-term groundwater monitoring, landfill maintenance and gas monitoring, and operations and maintenance of sub-slab vapor extraction system.

Operation and Maintenance: N/A.

FY 2022 Package Description**

U.S. Air Force/Plattsburgh Air Force Base, New York

Closure Package: Plattsburgh Air Force Base was closed 30 September 1995. Assets were redistributed as appropriate.

Post Implementation Costs:

Environmental: \$2.613 million. Environmental contamination at the installation has resulted from fire training areas, dumps near industrial operations, landfills, and surface spills. Funding will be used for operations and maintenance of groundwater treatment plant, land-use control inspections of continued effectiveness, and landfill inspection and maintenance. Funding will also be used for response actions for emerging chemicals Per- and Polyfluoroalkyl Substances (PFAS) for operations and maintenance of home drinking water treatment systems, hooking up residents to municipal water supply, and continue the remedial investigation to delineate the nature and extent of PFAS contamination based on increasing regulatory interest, potential risk to human health and the environment, and evolving regulations.

Operation and Maintenance: N/A.

FY 2022 Package Description**

U.S. Air Force/Newark Air Force Base, Ohio

Closure Package: Newark Air Force Base was closed 30 September 1996. The Aerospace Guidance and Metrology Center workload moved to other Department of Defense depots or private sector commercial activities, as determined by the Defense Depot Maintenance Council.

Post Implementation Costs:

Environmental: \$0.336 million. Environmental contamination at the installation has resulted from fire training areas, dumps near industrial operations, landfills, and surface spills. Funding will be used for land-use control inspections, long-term monitoring, and support for five-year reviews to ensure remedy protectiveness.

Operation and Maintenance: N/A.

FY 2022 Package Description**

U.S. Air Force/Rickenbacker Air National Guard Base, Ohio

Closure Package: Rickenbacker Air National Guard Base was closed 30 September 1994. The 121st Air Refueling Wing (ANG) and the 160th Air Refueling Wing (ANG) moved into a cantonment area and operate as a tenant of the Rickenbacker Port Authority (RPA) on RPA's airport. The 907th Airlift Group (AFRES) realigned to Wright-Patterson AFB, Ohio and the 4950th Test Wing relocated from Wright-Patterson AFB to Edwards AFB, California.

Post Implementation Costs:

Environmental: \$0.427 million. Environmental contamination at the installation has resulted from underground storage tanks, fire training areas, dumps near industrial operations, landfills, and surface spills. Funding will be used for compliance with the Environmental Protection Agency and Ohio Environmental Protection Agency, preparation of documentation to achieve site closure with unrestricted use, and compliance monitoring and operations.

Operation and Maintenance: N/A.

1991 Commission
FY 2022 Package Description**

U.S. Air Force/Myrtle Beach Air Force Base, South Carolina

Closure Package: Myrtle Beach Air Force Base was closed 31 March 1993. The 354th Tactical Fighter Wing was inactivated and its assigned aircraft were redistributed to other Active and Reserve Component Units. One active A/OA-10 squadron was realigned to Shaw AFB, South Carolina and Pope AFB, North Carolina.

Post Implementation Costs:

Environmental: \$1.232 million. Environmental contamination at the installation has resulted from landfills and surface spills. Funding will be used for groundwater monitoring, landfill maintenance, land-use control inspections, well decommissioning, and site closure documentation. Funding will also be used for a Remedial Investigation to address emerging chemicals Per-and Polyfluoroalkyl Substances (PFAS) based on increasing regulatory interest, potential risk to human health and the environment and evolving regulations.

Operation and Maintenance: N/A.

FY 2022 Package Description**

U.S. Air Force/Bergstrom Air Force Base, Texas

Closure Package: Bergstrom Air Force Base was closed 30 September 1993. The 67th Tactical Reconnaissance Wing was inactivated. The assigned Air Force reserve units remained in a cantonment area. The 12th Air Force Headquarters, 12th Tactical Intelligence Squadron, and the 602nd Tactical Air Control Squadron relocated to Davis-Monthan AFB, Arizona. The 712th Air Support Operations Center Squadron relocated to Fort Hood, Texas.

Post Implementation Costs:

Environmental: \$0.798 million. Environmental contamination at the installation has resulted from fire training areas, dumps near industrial operations, landfills, and surface spills. Funding will be used for preparation of documentation to achieve site closure with unrestricted use, performance monitoring and operations, long-term monitoring of landfills, and land-use control inspections. Funding will be used for a remedial investigation to delineate the nature and extent of emerging chemicals Per- and Polyfluoroalkyl Substances (PFAS) based on increasing regulatory interest, potential risk to human health and the environment, and evolving regulations. Funding will also be used for a remedial investigation at a Military Munitions Response Program Site.

Operation and Maintenance: N/A.

FY 2022 Package Description**

U.S. Air Force/Kelly Air Force Base, Texas

Closure Package: Kelly Air Force Base was closed 13 July 2001. The Air Logistics Center was realigned and the Defense Distribution Depot, San Antonio was disestablished. The workloads were consolidated at other Department of Defense depots or at private sector commercial activities as determined by the Defense Depot Maintenance Council.

Post Implementation Costs:

Environmental: \$4.020 million. Environmental contamination at the installation has resulted from fire training areas, dumps near industrial operations, landfills, and surface spills. Funding will be used for annual land-use control inspections, monitoring well abandonment, groundwater monitoring, groundwater treatment, performance operations and maintenance, and long term monitoring. Funding will also be used to continue influent and effluent monitoring of the existing pump and treat systems to determine if treatment for emerging chemical Per-and Polyfluoroalkyl Substances (PFAS) is required.

Operation and Maintenance: N/A.

FY 2022 Package Description**

U.S. Air Force/Reese Air Force Base, Texas

Closure Package: Reese Air Force Base was closed 30 September 1997. The 64th Flying Training Wing was inactivated and its assigned aircraft were redistributed or retired.

Post Implementation Costs:

Environmental: \$3.953 million. Environmental contamination at the installation has resulted from fire training areas, dumps near industrial operations, landfills, and surface spills. Funding will be used for long-term monitoring and maintaining the existing soil cover and passive venting system, and land-use control monitoring. Funding will also be used for response actions for emerging chemicals Per- and Polyfluoroalkyl Substances (PFAS) for the operations and maintenance of home drinking water treatment systems impacting 400 homes and to continue remedial investigations to delineate the nature and extent of PFAS contamination based on Texas Resource Conservation and Recovery Act Permit.

Operation and Maintenance: N/A.

**Base Realignment and Closure Data
2005 Commission
FY 2022 Package Description**

U.S. Air Force/General Mitchell Air Reserve Station, Wisconsin

Closure Package: General Mitchell Air Reserve Station was closed 2 February 2008. The 440th Airlift Wing was realigned to Pope Army Airfield, North Carolina, and its C-130 aircraft were distributed to meet the Primary Aircraft Authorization requirements established by the Base Closure and Realignment recommendations of the Secretary of Defense, as amended by the Base Closure and Realignment Commission.

Post Implementation Costs:

Environmental: \$0.715 million. Funding will be used for the closure of Oil/Water Separator (OWS) sites, and the investigation, excavation of contaminated soils, and closure of underground storage tank sites. Funding will also be used for a remedial investigation to delineate the nature and extent of emerging chemicals Per- and Polyfluoroalkyl Substances (PFAS) based on increasing regulatory interest, potential risk to human health and the environment, and evolving regulations.

Operation and Maintenance: N/A.

Base Realignment and Closure Data

FY 2022 Package Description

U.S. Air Force/Program Management - Continuing Environmental Restoration and Caretaker Costs

Closure Package: This exhibit displays overall program management costs which are not categorized by a specific closure base as a result of the recommendations of the Defense Base Closure and Realignment Commissions.

Post Implementation Costs:

Environmental: \$5.095 million. Supports environmental requirements for installations closed by the various Defense Base Closure and Realignment Commission Recommendations where whole base transfer has not been finalized or where long-term monitoring continues. Environmental requirements consist of preparation of documentation to achieve site closure with unrestricted use, performance monitoring and operations, land-use control monitoring, and groundwater and landfill gas monitoring. The majority of environmental funding is for the operation and maintenance of existing remedial systems. Environmental contamination at the installation has resulted from fire training areas, dumps near industrial operations, landfills, and surface spills. These requirements also include funding associated with civilian pay for employees that support active environmental projects at the Air Force Civil Engineer Center (AFCEC), funds for Agency for Toxic Substance and Disease Registry (ATSDR), and funds transferred to the Army as executive agent for programs such as Defense State Memorandum of Agreement (DSMOA).

Operation and Maintenance: \$3.280 million. Funding for operation and maintenance (O&M) supports utilities, rents, and civilian personnel costs associated with the headquarters-level program in AFCEC's Installations Directorate (CI). The majority of O&M costs are for program management purposes.

Total Program Management: \$8.323 million
